# THREAT TO SLAUGHTER AMERICANS IN MEXICO

## AMERICANS SET UPON.

Assailed.

## Lives Imperiled in Jamaica Capital.

Persons of New York Are Forced to Defend Themselves in Car Riots.

## Mr. Fritz Duquesne Is Hit With Missile and Badly Injured.

Waters Arm Themselves and Government Anticipates More Disorder.

BY A. P. NIGHT WIRE TO THE TIMES.  
JAMAICA, Feb. 27.—(By A. P. Night Wire.) Americans were not spared in the rioting which has been going on in connection with the street car trouble. A party of Americans in an automobile were attacked by a mob today and one of them was injured seriously. The party included Mr. and Mrs. Fritz Duquesne of New York and Mr. and Mrs. Wortley of New York. A group of men attacked the automobile with bricks and stones. Mrs. Duquesne was struck by one of the missiles and is said to be in serious condition.

The Americans were in peril of their lives, but their assailants were easily beaten off by Capt. Duquesne, armed with a hammer, and Mr. Wortley with a jack handle. Two of the men were knocked unconscious. Conditions have improved considerably.

ably, about half the cars having returned "service." Some resistance on the part of the passengers to the payment of increased fares still is shown. The police fear another outbreak. Some of those engaged in rioting have succeeded in purchasing arms today before the authorities prohibited the further sale by hardware stores.

The Governor, in an interview today, said the car company was trying to get out of an honorable undertaking in the absence of legal documents. He added that he had referred the question to the Board of Trade at London, as to whether a public company could abolish a system which had been in vogue for thirteen years and increase the rate of fare at will.

Kingston was given over to mob rule throughout last night and as a result of collisions between the police and the populace two men were killed and more than thirty injured, some of them severely.

Sir Sidney Oliver was struck on the neck with a brick when he attempted to go to the rescue of policemen besieged by a mob in a spirits store. His secretary, Maj. Wyndham, received a blow on the arm. The excitement of the populace against the Canadian company which runs the street railway was great. Unarmed policemen were mauled by the mob and forced to take refuge in stores and private houses.

The Governor ordered the riot act to be read. Some shooting followed by armed parties of police went out to clear the streets and there were several serious encounters, during which the two rioters were shot dead and others injured, but the mob dispersed.

KNOX REACHES COLON.

COLON, Feb. 27.—(By A. P. Day Wire.) The United States cruiser Washington, with Philander C. Knox, Secretary of State, and party on board, anchored in the harbor here today.

HOLIDAY IN KNOX'S HONOR.

BY A. P. DAY WIRE TO THE TIMES.  
SAN JUAN DEL SUR (Nic.) Feb. 27.—(By A. P. Day Wire.) The day of the arrival of Secretary of State Knox in Nicaragua is to be declared a holiday throughout the country. Mr. Knox is to be accorded Presidential honors and will be presented by the government with a medal especially cast in commemoration of the event.

Flash and Revolt.

## COME OUT FOR TAFT.

Nine Governors Go on Record.

Announcement Answers the Executives Who Brought Out Roosevelt.

Twelve Are Claimed by the President's Managers as Favoring Him.

Terse Extracts Give Reasons for Renomination and Re-election.

BY A. P. NIGHT WIRE TO THE TIMES.  
WASHINGTON, Feb. 27.—Telegraphic pledges of support from nine Republican Governors were given out tonight from the campaign headquarters of President

Stubb, Kansas; Hadley, Missouri; Johnson, California.

Gov. Carey of Wyoming also signed the "Governors' letter" urging Col. Roosevelt to become a candidate, but it is now asserted that he has reserved judgment. Neither has Gov. Vessey of South Dakota announced his choice. The California executive did not sign the letter, but has declined for the former President. Gov. McGovern of Wisconsin is committed to Senator La Follette.

WHAT THEY SAY.

The nine Governors who have come out for President Taft take the position that his record entitles him to renomination and election. Following are extracts from the Governors' dispatches:

Eberhardt, Minnesota: President Taft's administration, measured by all standards of accomplishment and fidelity to duty, entitles him to the endorsement of a second term, which I believe the inherent sense of fairness and justice of the American people will ungrudgingly give him."

Carroll, Iowa: There is no justice in the opposition to President Taft. His administration has been clean and capable, and in harmony with platform pledges. A just and righteous

House to pass as second page.

HOW THEY STAND.

Twenty-two States have Republican Governors and all are accounted for in the various statements of Presidential preferences as follows:

Declared for Taft, 9; claimed by Taft managers, 3.

Declared for Roosevelt, 7.

Preference not announced, 2.

The Governors who have declared for Roosevelt are Glascock, West Virginia; Aldrich, Nebraska; Bass, New Hampshire; Osborn, Michigan;

Taft. The executives going on record in favor of the President's renomination are:

Eberhardt, Minnesota; Carroll, Iowa; Hay, Washington; Goldsborough, Maryland; Tener, Pennsylvania; Hooper, Tennessee; Spry, Utah; Pennewell, Delaware; Pothier, Rhode Island.

In addition to the signed statements made public, the Taft managers claimed the support of Deane, Illinois; Oddie, Nevada; and Mead, Vermont.

The announcement from the Taft bureau is taken as an answer to the Chicago conference of seven Governors upon whose solicitation Col. Roosevelt based his formal entry to the Presidential contest.

HOW THEY STAND.

Continued on Second Page.

## INTERVENTION MEANS DEATH, SAYS SECRETARY.

## "Americans Will Pay for Crime" Declares Madero's Chief Aid.

Every "ism" Would Be Forgotten in Joining Forces to Repel the Interloper, and Outrage Mexican Ideals Would Lead to Punishment, Is Arizona's Declaration. Madero Declares Fall of Juarez as of Little Importance.

(BY A. P. NIGHT WIRE TO THE TIMES.)

MEXICO CITY, Feb. 27.—[Exclusive Dispatch.] Juan Sanchez Azcona, private secretary to the President, in an exclusive interview with a reporter of the Daily Mexican, today said:

"I venture to say that if the United States intervenes in Mexico's affairs, that country will have taken one of the most momentous steps in its history. Maderism, Zapatism, Vasquism, and every 'ism' would be forgotten in joining forces to repel the interloper, no matter what his intentions or what grounds he may have for intervening."

"Every American citizen in the republic of Mexico will be in danger; yes, I might as well say it, every American in Mexico would probably be slaughtered at first news that the American flag has crossed the border, and it is quite reasonable to believe that certain fine distinctions will be made in the massacre."

"Agitators who will harangue crowds will probably indicate to the frenzied mob the difference between Americans and other foreigners, and while in a few cases others might suffer, in the main only the Americans would pay the penalty that outraged Mexican ideals would deem commensurate with the crime."

MEXICO CITY, Feb. 27.—The fall of Juarez lacks the importance a similar occurrence had when Madero wrested it from Diaz's troops last May, in the opinion of administration officials. It was the crowning event of a long series of operations, it is contended, while now similar circumstances do not exist.

As to the method of its taking, Consul Llorante carried out instructions given to avoid complications with the United States government when he ordered the garrison to offer no resistance.

What the next step on the part of the Mexican government will be was not made public tonight. Unofficially,

it was stated an effort would be made to starve out the rebels by cutting off food supplies, this to be accomplished, it is believed, through the co-operation of the American authorities.

AMERICANS READY TO LEAVE.

Notwithstanding the views of the administration, the occupation of the border town is looked upon by Mexicans and foreigners as likely to give toward putting new animation in the revolutionary movement. It is even reported in special dispatches from El Paso that this constitutes the real beginning of the revolution.

Americans here who yesterday were on the verge of panic were assured of safety for the present, at least, but many have made preparations to leave this country.

The following signed statement was given out by President Madero upon being shown press dispatches announcing the surrender:

"The government does not consider Ciudad Juarez to be of particular strategic importance. The proof of this is the fact that it has maintained there neither a large military force nor munitions of war, and has made no attempt to defend the point, as would have been the case had Juarez been a place of decisive or even considerable importance to the country."

TO AVOID TROUBLE.

"The delicate situation which a fight at Juarez would have precipitated moved the government to telegraph the Mexican Consul at El Paso orders to take any action deemed advisable to prevent the possibility of shots being fired by the combatants across the international boundary. His orders gave him the right to sacrifice the possession of Juarez if necessary, to carry out these instructions."

"In view of these orders, it is evident that Consul Llorante has only carried out his instructions."

"The political importance of the taking of Juarez is not the same, nor does it in any way approach the character which the taking of that city had when I led the Maderista revolution. There have been no previous military successes which made the present occupation decisive as was the case then and it is not to be feared that the taking of that point now will advance in the estimation of the public the importance of the present revolutionary activities."

JUAREZ FALLS AND THE REBELS START SOUTH.

(BY A. P. NIGHT WIRE TO THE TIMES.)  
EL PASO (Tex.) Feb. 27.—The Vasquistas rebel element which took possession of Ciudad Juarez this morning about 10:30 o'clock, after firing a single volley, plans next to capture the city of Chihuahua.

Tomorrow morning the march of Gen. Campa's forces on the capital of the State will begin, according to announcement made by the commander tonight.

Col. Antonio Rojas, with 700 rebels, arrived at Baucha shortly after noon and stopped his march there, unaware of the developments at Juarez. Campa notified him to resume his march, and Rojas is expected to arrive some time during the night.

Gen. Campa says that there are 900 rebels already in Juarez and that the arrival of Rojas's group will give him the total of 1600 which he said recently he would have in Juarez. He says that Maj. Tomas Loza will remain at Juarez with 200 men and that the remainder will proceed southward over the line of the National Railway early tomorrow for an assault on Chihuahua, which is being held by Gen. Pascual Orozco.

Gen. Campa said that he did not believe the report that Col. Francisco Villa, with his loyal insurance, was coming to Juarez, and that

(Continued on Second Page.)

(Continued on Fifth Page.)

## LINES TIGHTEN FOR A CONTEST.

Taft and Roosevelt Forces Arrayed for Struggle.

Battle Ground Will Be in the Southern States.

Steam Roller Stories Have Been Exploded.

BY SUMNER CURTIS.

(BY DIRECT WIRE TO THE TIMES.)

WASHINGTON, Feb. 27.—(Exclusive Dispatch.) The lines are tightening for a tooth and nail contest between Taft and Roosevelt forces south of the Mason and Dixon line. Alabama and Louisiana as well as Texas are to present fierce battle grounds. In Texas the administration leaders anticipated the decision of the National Committee on Feb. 27. Some weeks in advance of Roosevelt's announcement of his candidacy and appointed H. F. McCreary of Houston to conduct a campaign for the election of delegates to the Chicago convention. Lyons, of course, is now in the open for Roosevelt, and will fight for his old commander as well as to maintain his personal control of the Republican organization in the State. It will be a battle royal.

PEARL WIGGS, national committee

man for Louisiana, also has declared for Roosevelt, as expected. As to Louisiana, however, the Taft managers think they have the situation well in hand and as a result of the promise agreement just effected by a sub-committee of the Republican National Committee, between the Louisiana and the Texas factions, the Louisiana delegation is expected to vote for Roosevelt. It is declared amounts to nothing more than a statement of his personal preference, his influence with the organization being regarded as broken.

EXPLODE STEAM ROLLER STORY.

There is a situation in Alabama

which suggests the use of steam

roller methods by the administration

forces in the campaign for delegates

in the South. It has been declared

by opponents of the President that

Federal office holders have been

forced to "make good" by corraling

the early workers and pushing

through Taft instructions. The

State and district convention. Ad-

ministration officials declare that

without any attempt to coerce Fed-

eral office holders and that instead

of the steam roller methods being

used, the President has refused to

permit the disciplining of the office

holders who were working openly

against him. He has been urged

to adopt a drastic

policy with respect to these office

holders and some of his

advisers are incensed because of his

refusal to do so.

Joseph C. Thompson, internal

revenue collector and a prominent

leader in the Roosevelt move-

ment in the State. He lives in Bir-

mingham and formerly was one of

the referees in the contest between

Barker and Miller, in matters

pertaining to Federal patronage. Re-

peatedly requested to remove him

from his active position in the ad-

ministration, President Taft has re-

fused to do so, and has simply said, in effect:

"Let him go ahead."

It is declared that this is the

President's attitude with respect to

those who have shown a disposition to

cast their fortunes with his predecessor

in the executive office, who are now a

rival for the 1912 nomination.

ROOSEVELT DISAPPOINTED.

According to reports received by

the Taft managers here, former

President Roosevelt is greatly

disappointed over the progress of the

movement in the South. He is

believed to be disappointed in the

fact that the President will

capture all the delegates from

Alabama, except those from the Bir-

mingham district, where Thompson's

strength is conceded.

Col. Roosevelt, according to state-

ments made today in circles closely

in touch with him, will not

discuss the question of the

program of policies in the near fu-

ture by discussing in public

speeches on economic issues, including

the trust problem. His Columbia

speech has been criticized in some

quarters because it dealt only

with the "machinery of govern-

ment" and slighted economic issues. It

is declared that the President

will not discuss the tariff, but

will say anything on the tariff, but

his managers assert that he dis-

approves of the existing

tariff. With Roosevelt getting into

the discussion of economic subjects

and taking the field to defend

the courts and the Constitution,

the battle will take the form of

a private conversation and in some

of his editorial writings Col. Roose-

velt has dealt harshly with the

President. President Taft

stated when the fight is on all

the lines the fundamental

differences between the rival

candidates for the

Republican Presidential nomination

will be accentuated not only as to

methods of government but with re-

spect to other vital questions of

administering the laws.

Getting back to the Louisiana

situation which has been referred

to above, it may be said that the

Taft forces have been

strengthened by a

## W. Morgan Shuster and Family Arrive.

W. Morgan Shuster and Family Arrive.

NEW YORK, Feb. 27.—(Exclusive Dispatch.) The Russian government has not a spark of justification for its bar-

baric cruelty toward the Persian people. W. Morgan Shuster, the Amer-

ican recently deposed as Treasurer-

General of Persia, returned to the

United States today on board the

North German Lloyd steamship

George Washington.

When asked what would be the

outcome of his leaving Persia and

what would be the effect upon the

finances of Persia, Mr. Shuster de-

clared that he did not know what

Mons. Bernard, the Belgian now in

charge of Persia's finances, would do,

but he asserted that his successor

under the absolute domination of

Russia.

"I am more than glad to get home

again," said Mr. Shuster. "I have

been away less than a year, but the

time seems much longer. I was par-

ticularly pleased with the reception

given me in London. I have been

more than ever confirmed in my

original belief that the British peo-

ple have little sympathy with the im-

moral and dangerous foreign policy

of their present government."

ABOLISHING PERSIAN ARMY.

LONDON, Feb. 27.—Frank E.

Cairns, one of the five American

financial experts who assisted W.

Morgan Shuster in the Treasurer-

General's Department in Persia, is

now in London. He received orders

yesterday to return to his post in the

customs service in the Philippines.

"Russia is abolishing the Persian

army," Mr. Cairns said, "for which

she will substitute an armed military

police numbering 20,000 men, under

the command of British officers. A

treaty is now being arranged for the

abolition of the Persian army, thus

virtually partitioning Persia between

Russia and Great Britain."

SHUSTER ON DEVELOPMENTS.

NEW YORK, Feb. 27.—W. Morgan

Shuster, former Treasurer-General of

Persia, speaking last night at three

differently functions, dinners of the

Twilight Club and the Missouri So-

ciety, and a meeting of the Women's

Municipal League, declared he had

come to believe that the Persian gov-

ernment is to be snuffed out, after

having read recent dispatches regard-

ing a Russian-English plan to take

full control of that country.

Mr. Shuster denounced the English

government for its "share in the se-

izure of Persia."

started upon his restful and harmless

expedition to the jungles of Africa. I

do not know what we will do with

our friends who would today favor

the Republic of China, in the event of

a defeat—and I am satisfied that even

if the Republic of China is easily de-

feated, my feet were on slippery

ground.

Regarding the situation in the

State of New York, delegates from

each Congressional district will be

elected at a primary election on March

28, by direct vote of the people. The

Republican party in the whole

State, to the national convention to

be held at Chicago, and at the State

convention will be held at Rochester

April 8. Four delegates at large will

be chosen by a vote of a majority of

the delegates elected to the State con-

## REVERSAL IS A SURPRISE.

following statement:

"From sources entirely inde-

Col. Roosevelt would NOT be

a candidate against Taft, was

based on definite and repeated

statements by Col. Roosevelt

made within a year that he

(A. P. NIGHT WIRE TO THE TIMES.)

WASHINGTON, Feb. 27.—Rep-

resentative Nicholas Longworth of

Ohio, son-in-law of Theodore Roosevelt,

returned to Washington today after

a visit with the colonel in Easton and

announced that he would not take

part in the campaign for selection of

delegates to the Chicago convention

from his district in Ohio. Mr. Long-

worth, however, will support the

colonel in his efforts to secure

himself in favor of the renomination

of President Taft.

BARNES SAYS NEW YORK

WILL SUPPORT TAFT.

(A. P. NIGHT WIRE TO THE TIMES.)

WASHINGTON, Feb. 27.—William

Barnes Jr., chairman of the New

York Republican State Committee,

gave out a statement tonight just

before going to the White House to

dine with President Taft.

"I want to make clear that I gave

out this statement before going to the

White House," Mr. Barnes said. The

burden of the statement concerns Col.

Roosevelt's recent speech at Colum-

bia. It follows:

"I can only say this: It has seemed

to me that homogeneity of opinion

within the Republican party has been

threatened for a long time, and that

a definition of fundamental principles

was, therefore, absolutely necessary

in order that the party might endure

as a preservative force in the nation's

life."

The speech of Mr. Roosevelt at

Columbia is a violation of Republican-

ism. When casually read it would

seem to contain a formulation of doc-

trine, but coupled with a declaration

of the author's candidly for the

Presidency, it acquired virility, but

lost that dispassionate devotion to

principle which would have given it

whatever quality it might have pos-

sessed."

In other words, this exposition at

Columbia was to preface a candidacy

rather than to maintain a principle,

and a candidacy which had been by

its progenitor distinctly repudiated.

This seems so clear to me that al-

though it is impossible for me to sub-

scribe to the doctrine of the Colum-

bia speech, I would feel that if I

were one who could subscribe to that

doctrine, my feet were on slippery

ground.

Regarding the situation in the

State of New York, delegates from

each Congressional district will be

elected at a primary election on March

28, by direct vote of the people. The

Republican party in the whole

State, to the national convention to

be held at Chicago, and at the State

convention will be held at Rochester

April 8. Four delegates at large will

be chosen by a vote of a majority of

the delegates elected to the State con-

vention at the same time.

There is no doubt whatever that

the best judgment of the Repub-

lican electors of New York will be

expressed at that primary, and that

the convention, which will assemble

at Rochester as a result of that

primary, will reaffirm those prin-

ciples of the Republican party which

have made it in the past the medium

through which the thoughtful and

## COME OUT FOR TAFT.

(Continued from First Page.)

application of the square deal would

accord him renomination without a

contest."

Hay, Washington: Few admin-

istrations can point to the enactment

of so many wise and progressive laws

as that of President Taft.

I feel it the duty of every true pro-

gressive Republican to support Mr. Taft

for renomination and re-election.

Goldsborough, Maryland: It is my

opinion that President Taft has given

the country one of the best admin-

istrations in its history. I firmly be-

lieve that when the record of the Re-

publican party under his wise leader-

ship is fully made known to the peo-

ple they will rally to his standard,

renominate and re-elect him.

CONSTRUCTIVE ACHIEVEMENTS.

Tener, Pennsylvania: In view of

the able manner in which President

Taft has conducted his office, the con-

struction of substantial achievements

of his administration.

I unhesitatingly predict his re-election.

Hooper, Tennessee: President Taft

is personally popular in Tennessee

and his administration commands general

public confidence. The State organ-

ization is loyally supporting the

President, and from present indica-

**DOUGLAS IS IN A FEVER HEAT.**  
**Mexicans Expected to Kill Captured Americans.**  
**Efforts to Get Word of the Men Are Unavailing.**  
**Officials Merely Say They Are Going to be Tried.**  
BY A. P. NIGHT WIRE TO THE TIMES.  
DOUGLAS (Ariz.) Feb. 27.—The revolutionary fire, which has been smoldering in Douglas for several weeks, was fanned into fury today when the report reached here that Mexican officials were going to "Red Lope's" the seven Americans captured at Fronteras the other day.  
Frenzied efforts were made to get word of the treatment of the men who were taken prisoners, but officials would vouchsafe no other information than that the men were being taken to Cananea for trial. Then asked why the men were being taken overland and not by train, the officials simply stated that it is "customary."  
The seven men, Americans, were captured near Fronteras Sunday, all armed and mounted, apparently adventurers engaged in raiding parties in Sonora. When asked their names, they refused to give them, but the commander of Fronteras said that they were out to fight anyone who came along. Federal troops were called out and the men placed in prison. However, instead of keeping them in prison, incommunicado, for seventy-two hours, as is customary, the prisoners were this morning brought to within two miles of Agua Prieta.  
There they were taken off the train and accompanied by a band of Federal soldiers, were started overland to Cananea. That they will be shot on the way and the report sent back that they attempted to escape is a foregone conclusion.  
Douglas citizens are wrath at the method of punishing the men, but they ought to be punished for going into a foreign country, under arms, and then being taken to a state today whether the men would ever be given a trial or not, saying that it is up to the officials of Cananea, in the one who stated the men were United States army men, but this statement has been disproven, as the men were in civilian clothes.  
Comandante Calles of Agua Prieta said: "It is the intention to give the men a trial when they reach Cananea. If the men were not self-confessed outlaws they would probably have been rescued by Americans."  
Women and children of the El Tigre district are being brought to Douglas, and before the end of the week probably all Americans of that section will be taken until it is seen whether or not they will be any serious trouble in the vicinity. Mexican refugees continue to arrive in numbers. Troops from Fort Huachuca will be here tomorrow.  
**ARMED COWBOYS PUT BANDITS TO FLIGHT.**  
BY A. P. NIGHT WIRE TO THE TIMES.  
HARPA (Tex.) Feb. 27.—After several hours fighting the American men defending the Nelson Morris ranch at Cuernavaca, Mex., were taken to Cuernavaca, where the bandits, who attacked the ranch headquarters yesterday.  
Twenty armed cowboys were on the spot of invading Mexico to rescue "Red Lope's" on the Nelson Morris ranch. The cowboys, who were on the American bank of the Rio Grande, and told them their men were safe.  
The cowboys told them the bandits attempted to loot the ranch. Manager Brown Paschall resisted the bandits in the main adobe building. It is not known whether any was hurt in the hour's fighting which followed. The bandits finally withdrew, threatening to return to the ranch later.  
Paschall refused to retreat to the American side of the river, saying he would be ready to fight it out if they were not of the cowboys. The cowboys of the Americans at the ranch then went to Paschall's assistance. While a band of Americans said to be of fair proportions in reply to the bandits at Polaris ready to dash in on the ranch if the ranch needs aid.  
**AMERICANS GUARDING AGAINST OUTBREAK.**  
BY A. P. NIGHT WIRE TO THE TIMES.  
SAN ANTONIO, Feb. 27.—A band of twenty-five Mexican rebels who had crossed to the American side and attempted to steal a herd of cattle was completely routed Friday afternoon in a running fight with fourteen cowboys, some miles down the Rio Grande, near Brownsville, Tex. Four of the Mexicans were killed and several wounded.  
Charles Tuttle, who was brought to San Antonio today to have a bullet removed from his right shoulder, was the only cowboy wounded.  
Emilio Vazquez Gomez, whose name has been used by rebels who took Brownsville today and who has called on President Madero to resign, declared he would not go to Mexico to accept the provisional Presidency of the republic. He said he was surprised at the statement of Juarez, asserting he thought the revolutionists were going to march south and conquer Chihuahua.

**INTERVENTION DEATH.**  
(Continued from First Page.)  
**MAINTAIN PERFECT ORDER.**  
After the seizure of the town today, the Vaquistas set about the task of establishing a new municipal government and of maintaining perfect order.  
Gen. Ines Salazar, in command of the rebel forces at Juarez, appointed Maj. Tomas Lora, secretary to Col. Dementio Ponce, one of the rebel officials of the city. Lora was installed as municipal chief shortly after noon today and immediately began organizing a police force.  
His first order was that the saloons be kept closed. The result was that there have been only minor disturbances this afternoon and evening. Every step taken by the rebels apparently is with a view to avoiding any possible action that might cause trouble with the United States government.  
Communication between El Paso and Juarez was suspended almost entirely today, the crossing of the international line by individuals being limited to the carriers of mail. It was announced tonight that communication will be restored and street car service resumed between the two cities tomorrow morning.  
**REBELS CARRY RED FLAG.**  
The rebel army spent the night in the vicinity of the old Madero camp and began the advance this morning from peace grove where the peace parleys were held just prior to Madero's assault on Juarez in May, 1911. The rebels carry a red flag beneath the Mexican tricolor.  
The rebel army stopped its progress toward Juarez at 8:20, taking a position on a hill overlooking the city, exactly the spot from which the Madero army fired the first shots at the entrenched Juarez outposts a year ago.  
United States troops now in El Paso include the entire Twenty-second Infantry and one battery of field artillery which arrived during the night, four companies of the Eighteenth Infantry and four troops of the Fourth Col. E. Z. Steever, commanding the Fourth Cavalry Regiment, is in command of the American patrol. The soldiers are stationed in the downtown district, except the artillery, which is detained this morning at a clock at Fort Bliss, five miles out from town.  
Simultaneously with the next movement from that northwest, a band of men was seen coming from the south, also towards the city, apparently closing in on two sides.  
**SURRENDER IS DEMANDED.**  
Shortly after 9 o'clock Homer Scott, a planter, reached Juarez from the rebel camp with a letter from the rebels for the Mayor of the town, demanding its surrender by 12 o'clock and offering not to fire until he made a reply, if he did so in a reasonable time. Meanwhile, the rebel troops rested close in on Juarez. Cavalry was stationed on the northwest and west and dismounted men on the north. The dismounted men used the river as line of protection.  
At 10 o'clock a part of the rebel forces had entered the outskirts of Juarez.  
The defenders replied to the fire of the invaders. The fire was from a northwesterly direction, parallel to the international border. The Mexican Consul Llorca, in El Paso, declared shortly after 10 o'clock that to prevent American rights being interfered with, the Juarez garrison had been ordered to offer no further resistance and rebels would be permitted to take the town.  
After the defenders had fired a volley their officers ordered them to cease firing. The police also were ordered not to fire.  
The rebels marched into the town, captured the machine guns that had been purchased to repel them, took charge of the municipal offices, the customs house, the barracks, the jail and other public buildings.  
United States troops were guarding the border at the time the attack was made, apparently ready to enter Juarez if El Paso should be endangered. As the rebels marched into Juarez they found all houses closed, but no resistance. Only one man, Capt. Romero of the defenders, was wounded, accidentally.  
The rebels advanced in considerable order and appeared to be under perfect control of their officers. No looting accompanied the taking of the city.  
**URGE FIGHT ON UNITED SHOE.**  
WASHINGTON, Feb. 27.—(By A. P. Night Wire.) Representatives of shoe manufacturers today urged the Department of Justice to stand by its civil aid criminal suite instituted at Boston against the United Shoe Machinery Company.  
The shoe manufacturers introduced the second day he came here, made a far greater impression upon the big pitcher. As a result the "phenom" of the Boston Red Sox and Miss Lovely will be married at noon today, and the pitcher will have to go back to Boston, where he will continue to pursue his baseball career.  
Miss Lovely is a daughter of Mr. and Mrs. F. F. Twichell of No. 556 Verbona street. She came here three years ago with her parents, leaving her brother, Frank Lovely, in college. The brother invited Collins to come to Los Angeles last winter. Collins accepted, mentally deciding to train hard every day for the next years' work. He did little training, it is said, after he had met the sister of his college chum.  
The marriage will be performed at the residence of the bride's parents, Rev. Frank Otto, of the Methodist Church will officiate.  
**FRENCH PIONEER PASSES.**  
Theodore Samet, one of Los Angeles' wealthy citizens dies after residence of forty years.  
Theodore Samet, 68 years old and a resident of Los Angeles for the past forty years died yesterday of pneumonia. He was a prominent member of the local French colony and leaves a large fortune, the greater part of which will be left to relatives in France.  
Funeral services will be held at the Plaza Cathedral Thursday at 2 p.m. under the direction of the Society of French Pioneers. In the meantime the remains will be held at the Connell undertaking parlors at 1051 South Grand avenue and friends are invited to call and view them up to 1 o'clock Thursday afternoon.

**That Tightness of the Stomach**  
Caused by Formation of Nauseous Gases, from Undigested Food—Instantly Stopped With a Stuart's Dyspepsia Tablet.  
Trial Package Free.  
When you feel as if your stomach was being tightly choked—when the pain is intense and you break out in a cold and clammy perspiration and there is a lump in your throat and you are weak and nauseated—all you need is a Stuart's Dyspepsia Tablet to clear away the wreckage of undigested food left in the stomach and intestines and restore you to your normal self again.  
Upon failing to receive a satisfactory answer from the terrified attendants, Chevrot forced his way into the kitchen and was about to use his weapon, the police assert, when C. H. Lasher, owner of a bakery at No. 417 West Eighth street, ran into the place in response to calls for help, and with the assistance of a number of spectators, succeeded in overpowering the angry man.  
Some one in the crowd exclaimed that Lasher was connected in some way with the trouble. He would probably have been handled differently had not one of the officers placed him under arrest. As soon as the wagon was well out of sight of the spectators Lasher, who was vainly protesting against his detention, was given his liberty after it was explained to him that he was placed in the police patrol simply as a measure of safety.  
Still breathing vengeance, Chevrot was brought to the City Jail and locked up on charge of attempted murder, although he denied in forcible French that he knew anything about the case.  
A new 22-caliber revolver taken from him by the police was held as evidence together with a box of cartridges, which the prisoner tried to "ditch" as he was being brought to the station.  
**UNDER GLARE OF LIGHTS.**  
Bowen Hall in Exposition Park Thrown Open to Public Inspection for the First Time Last Night.  
Last night the great bronze tablet in the State Building in Exposition Park was shown for the first time, when the electric lighting system was turned on by President W. M. Bowen. The bronze tablet dedicates the building as "Bowen Hall," in honor of Mr. Bowen, through whose efforts it is acknowledged the park has been saved to the city.  
Information has been passed around that there would be a public inspection of the completed building last night and several hundred men and women, mostly from the neighborhood surrounding the park, wandered through the brilliantly lighted structure and paid their respects to the president.  
Battery A, Field Artillery, N.G.C., is using one of the great halls for its regular drills until the Armory is completed on the east side of the grounds, and entertained the crowd for an hour.  
The furniture and exhibit cases are all ordered and a large portion of them on hand. The building will be polished up at once and the exhibit installed. The City and County Building, known as the Museum and Fine Arts Building, is entirely finished and ready to take on its new life. In place, but inasmuch as the electric system has not been installed, it was not open last night. The electric cables will be laid and the building will be ready in about one month from this time that building will also be opened for an evening inspection.  
Work on the grounds is progressing rapidly, preparing them for the great sunken gardens in the rectangle between the buildings, and in a short time the park will be the pride of the city.

**GREAT BRITAIN ADMITS RIGHT TO FORTIFY CANAL.**  
WASHINGTON, Feb. 27.—Any fear that the right of the United States to fortify the Panama Canal might be challenged and forced to arbitration under the provision of the pending Anglo-American arbitration has been dispelled by a statement from official forces that Great Britain already has formally acknowledged that right.  
On several occasions this acknowledgment was made, it was learned today, all doubt is said to have been removed by a communication in writing from the late Secretary Hay to the Senate explanatory of the understanding he had reached with the British representative when the Hay-Pauncefote treaty was being negotiated.  
Mr. Hay explained every step of the negotiations and when he came to the clause in the Clayton-Bulwer treaty prohibiting the fortification of the canal he offered a statement of the reason that led Lord Pauncefote and himself to omit that clause from the new treaty as follows:  
"The whole theory of the treaty is that the canal is to be entirely an American canal. The enormous cost of construction is to be borne by the United States alone. When constructed, it is to be exclusively the property of the United States and is to be managed, controlled and defended by it."  
"Under these circumstances and considering that the canal is the responsibility and burden of maintaining its neutrality and security, it was thought entirely proper to omit the prohibition that 'no fortification shall be erected commanding the canal or the waters adjacent.'"  
**LOVETT TALKS OF MANY THINGS.**  
PRESIDENT OF HARRIMAN SYSTEM IN OPTIMISTIC MOOD.  
Returns to Los Angeles from Imperial Valley and Comments on the Wonderful Empire Which May Be Developed—Admits Probability of New Passenger Depot Here.  
Judge R. S. Lovett, the highest official of the Harriman lines, accompanied by his official family, arrived in Los Angeles last night. The trio from New York includes Lovett, J. Kruttschnitt, director of operation, and L. J. Spence, director of traffic. The Southern Pacific officials include President William Sproule, Vice-Presidents E. O. McCormick and E. Calvin, Epes Randolph, president of the Arizona and Eastern and the Southern Pacific lines in Mexico, is with the party. General Superintendent H. V. Platt, of the Southern district, Supt. Whalen of the Los Angeles district, and District Engineer H. B. Titcomb joined the party at Yuma. The special train arrived last night at 7 o'clock.  
Judge Lovett talked of his trip to the Hotel Alexandria last night, predicted that the revolution in Mexico would be about the time of the future of California, denied any purpose to build to San Diego, announced a stand-pat position on improvements at the Los Angeles harbor until the lawsuits pending are settled, admitted a purpose to provide increased passenger station facilities in Los Angeles, and urged that the government should control the irrigation projects in the Imperial Valley, deplored the lack of money for necessary improvements, and declared that he intended to remain in Los Angeles for a week.  
"We want to help every place and every community that helps us," said Lovett. "We are using every resource for obtaining all that will contribute to efficiency in service at a minimum cost. If further economies should prove necessary, I would not favor a reduction in wages only as a last resort. We might get along with less men, cut off contemplated improvements, or allow deterioration of service, all of which would be preferable to reducing wages. There can be no permanent injury to the railroad. There is now complete publicity in regard to the affairs of the railroad companies, which, with the prohibition of rebates and other regressive measures, should serve to eliminate any and all friction between the railroad companies and the public. Railroads will soon cease to be a public issue. The intention of all will be for good service. Every man in California is interested in the safe operation of the Southern Pacific. In view of the fact that there is a square deal for everybody and we will be allowed a fair return on our investment. We may for a time be victims of aspiring stationmen, but we will outlive it."  
"We went a thousand miles into Mexico but saw no signs of the revolution except once, where four miles from the West Coast line to Tepic, the Mexican government was in a fight, although it may take time. I don't think there is any likelihood of American intervention."  
A brief review of the history of the San Diego & Arizona Railroad, which the Spreckels interests are building east from San Diego. The late E. H. Harriman advanced \$2,000,000 for the construction of the line. "Harriman got Spreckels to head the company for the reason that it was not desired at that time to have it controlled by a man who had been in the fight, although it may take time. I don't think there is any likelihood of American intervention."  
"In tours of inspection of interest as we reach them. Now we are in Los Angeles and we will take up the station proposition. Spreckels has been giving us a great deal of consideration and will make a recommendation soon which will bring up the proposition of money to build it. We are to make many improvements on different parts of the system as an enormous cost. But I recognize the need of a station here, and I believe that whatever recommendation Mr. Sproule makes will be accepted, provided always, of course, that we can get the money to build it. I will say this, however, that we are going to do the best we can. The Salt Lake will join us."  
"We spent yesterday in the Imperial Valley, where we have expended over \$4,000,000 in protecting our property against the Colorado River. There is a vast agricultural empire capable of tremendous further expansion. The government should take over the irrigation project. It is a vast project in the final development of this magnificent country."  
**Careless About Appendicitis**  
In Los Angeles  
Many Los Angeles people have stomach or bowel trouble, which is likely to turn into appendicitis. If you have constipation, sour stomach, or gas or the stomach, try simple buckthorn bark, glycerine, etc., as compounded in Adierka, the new German appendicitis remedy. The Dean Drug Co., 214 S. Spring st., states that A SINGLE DOSE of this simple remedy relieves bowel or stomach trouble almost INSTANTLY.

Gov. M. E. Hay and wife  
accepted invitations.

PUTS ON A WAR  
IN PANTOMIME.But House Refuses to Pass  
the Appropriation.Virginian Labored for Cape  
Henry Coast Defense.Renewed Attack on Alleged  
Powder Trust Fails.

BY A. P. NIGHT WIRE TO THE TIMES.

WASHINGTON, Feb. 27.—Phan-

tom feasts of hostile ships and

smoldering fires of debate, was

capitulation of Washington, Phila-

delphia, Baltimore and Norfolk and

the invasion of the hills of Virginia,

vividly portrayed in the House to-

day, failed to procure an appropria-

tion of \$150,000 for a site of a pro-

posed coast defense at Cape Henry.

Representative Holland of Virginia

offered the amendment to the fortifi-

cations appropriation bill, which was

under consideration. His arguments

on the need of another defense of

the Lower Chesapeake were rein-

forced by the citizen soldiery of Con-

gress and a protest of debate, was

carried on in which Representatives

maneuvered ships and manned land

batteries.

Representative J. Hampton Moore

actively championed the Holland

amendment. Representative Shirley

of Kentucky summoned Representa-

tive Fitzgerald of New York to his

aid and Chairman Houston sustained

a point of order. The proposed fort

at Cape Henry fell.

The appropriation bill was passed

without any restrictions on private

purchases of powder by the govern-

ment. Representative Good of Iowa

renewed his attack on the powder

trust, but lost.

The passage of the fortifications bill

today puts the House abreast of the

progress of the long session of last

year. The army, pension and fortifi-

cations bills now are before the

Senate.

With the coast defense bill out of

the way, the House immediately took

up the agricultural appropriation bill,

which carries \$15,538,976, \$1,063,040

less than that for the current year

and \$1,483,286 below the estimates of

Secretary Wilson.

A struggle is expected to develop

over the bill tomorrow. A determined

effort will be made to strike out ap-

propriations for salaries for Solicitor

McCabe and twenty-two law clerks

his subordinates in the Department of

Agriculture. It will be contended that

this function of the Agricultural De-

partment can be directed by the De-

partment of Justice and that no au-

thority in law exists for the law staff

which Mr. McCabe directs.

The debate over this question will

involve the controversies in the De-

partment of Agriculture between Dr.

Wiley and Mr. McCabe and pending

charges that the department was in-

fluenced by Florida Everglades land

promoters in the action which was

taken regarding certain official re-

ports.

TRAIN ACCIDENT FATALITIES.

OFFICIAL STATISTICS GIVEN.

BY A. P. NIGHT WIRE TO THE TIMES.

WASHINGTON, Feb. 27.—Two

hundred and one persons were killed

thority in law exists for the law staff  
which Mr. McCabe directs.  
The debate over this question will  
involve the controversies in the De-  
partment of Agriculture between Dr.  
Wiley and Mr. McCabe and pending  
charges that the department was in-  
fluenced by Florida Everglades land  
promoters in the action which was  
taken regarding certain official re-  
ports.

TRAIN ACCIDENT FATALITIES.

OFFICIAL STATISTICS GIVEN.

BY A. P. NIGHT WIRE TO THE TIMES.

WASHINGTON, Feb. 27.—Two

hundred and one persons were killed

and 4282 injured in train accidents

during the months of July, August,

and September, 1911, according to

accident bulletin No. 41, issued today

by the Interstate Commerce Commis-

sion. This was a decrease of 128

killed and an increase of 391 injured,

as compared with the corresponding

quarter of 1910. Accidents of other

kinds on railroads at grade crossings,

on tracks, bridges, etc., bring the

total number of casualties up to 3788

killed and 19,107 injured for the

quarter, a decrease from the num-

ber of deaths corresponding quarter

of the previous year. During the quar-

ter, 131 employees of railroads were

killed and 23,650 injured on railroad

premises in accidents in which the

movement of cars or locomotives was

not involved. Ninety-eight persons

were killed and 1094 injured as the

result of the operation of interstate

electric lines.

HUNTING FOR TRUSTS.

ALUMINUM AND PICTURE SHOWS

BY A. P. NIGHT WIRE TO THE TIMES.

WASHINGTON, Feb. 27.—The De-

partment of Justice is investigating

the moving picture business to ascer-

tain if there is a "trust." The

inquiry, like many recent Sherman

law cases, involves primarily the

use of patents.

Whether there is an "aluminum

trust" was discussed at the Depart-

ment of Justice today.

A. V. Davis, president of the Alumi-

num Company of America, and G. B.

Gordon, its general counsel, conferred

with the department. Davis, explain-

ing the company's organization and

methods. The department has made

an investigation of the corporation

but has taken no action

against it. More conferences will

follow.

DEVILN LEAVES OFFICE.

U. S. ATTORNEY RESIGNS.

BY DIRECT WIRE TO THE TIMES.

WASHINGTON, Feb. 27.—[Exclu-

sive Dispatch.] Robert T. Devlin,

United States Attorney for the North-

east District of California, has re-

signed and will devote himself to his

private practice, which is growing

rapidly. He has been in the office

since he was appointed in 1908. He

stated that he would take this course

at the time of his reappointment,

which he desired more than any other

thing. He has been in the office

# Cities and Towns of Los Angeles County.

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

## NECROMANCY IS UNDER THE BAN.

### Padena Council Is Opposed to Fortune Tellers.

### Another Site for Garbage Incinerator Is Offered.

### Negro Asks for Hundred and Fifty Lashes.

(Office of The Times, No. 22 E. Fair Oaks Ave.)

PASADENA, Feb. 22.—The City Council yesterday put a ban on fortune-telling in Pasadena. After a 10-11 vote, all who are engaged in necromancy will have to take down their signs and look for a new field.

This action follows an investigation which Mayor Thum and his secretary, I. N. Smith, have been pursuing for some time. They also made extensive inquiry concerning the anti-discrimination laws of New York, Michigan and Pennsylvania, which many cities have recently taken to "regulate" the operations of those who profess supernatural power.

The ordinance, which was passed on first reading yesterday, declares that:

"It shall be unlawful for any person to carry on, practice, or profess to practice, in the city of Pasadena, the profession or art of astrology, clairvoyance, palmistry, crystal gazing, hypnotism, mediumship, prophecy, augury, divination, magic or necromancy, and demand and receive a fee therefor."

Violation of the ordinance will constitute misdemeanor and the penalty will be a fine not exceeding \$500, or imprisonment not to exceed six months.

There is a provision of the ordinance that all licenses fees which have been collected shall be returned, pro rata, to those who paid them.

### STREET WORK IS PLANNED.

The Council yesterday declared its intention as to some of the street improvement work which will be accomplished next summer and fall. All streets in the territory north of Colorado street, west of Fair Oaks avenue and south of North Orange Grove avenue, will come in for improvement. Councilmen made known their intention yesterday in order that property owners may have ample time to arrange to pay their assessments.

This territory includes a portion of Walnut street, the improvement of which recently was protested by property owners.

The City Street Commission yesterday presented to the Council a notice of warning to contractors, which was ordered printed for distribution. It declares, in brief, that all contractors bidding on city work must know at their peril the source of supply of materials, except in contingencies which cannot be foreseen.

### ANOTHER SITE IS OFFERED.

A fourth proposed garbage incinerator site was presented to the Council yesterday, but, while the committee which has charge of the coming election has not acted in the matter as yet, it was announced last night that it is improbable it will be placed on the ballot.

The site, which was proposed by Walter Raymond, owner of the Raymond Hotel, is north of Lamanda Park. It is outside the city limits and the committee has declared that it would consider the site only if it is outside the city. One has already been proposed.

The three other sites under consideration are the original site at Raymond-avenue site, the so-called Azusa site and the site in the Arroyo Seco. The subscription list for a fund to defray election expenses was circulated in the Council chamber yesterday and \$77 was secured.

### IS POSTPONED TWO WEEKS.

The Council deferred action on the proposed amendments to the liquor ordinance two weeks, instead of one week, as was the intention. The proposed amendments, which were formally submitted, were accompanied by a brief letter, signed by Rev. Robert Freeman, A. G. Simonds and G. W. Woodhouse of the City Temperance Commission.

The business men who met last week at the rooms of the Board of Trade also presented their protest to the adoption of any amendments that will make the ordinance more stringent than it now is.

The petition was presented by Harry Gehegan, who declared that the constant agitation of the liquor question is injuring the city.

"We do not want constant agitation. The signers of this resolution are men not interested in either the hotel or the liquor business, but men in town who feel that the proposed new ordinance is far too stringent."

### MUCH BUSINESS TRANSACTED.

Assistant City Attorney Mungler gave an opinion relative to the collection of fees under the provisions of the new building ordinance, and C. T. James, a member of the Pasadena Realty Board, declared that that organization lends its approval to the proposed opening of Holly street between Vernon and Los Robles avenues.

### SOCIETY VAUDEVILLE.

The guests at the Hotel Maryland proved last night—if, indeed, any proof is necessary—that vaudeville is in the ascendant. The winter performance, for which secret rehearsals have been in progress for many weeks, was a decided success. This was attested by the applause of several hundred friends and other society people of this and other cities generally, who crowded the hotel music-room and lobby to witness the "stunts."

It was truly an all-star production, and it would be difficult to say which actor, or actress, received the most applause. Certainly the "Maryland Ladies" made a hit. Their names were not on the programme, but a visit to the greenroom disclosed the fact that they were Miss Ruth Anderson, the Misses Marian and Virginia Wetherby, Miss Dolly Ellsworth and Miss Mary Louise Moore.

Mrs. Frank Hogan and Whitlock Johnson presented an entertaining little sketch. Another sketch was acted by Mrs. Natalie Witmer and Holly

## RESIGNATION IS ACCEPTED.

Member of the Water Commission Quits.

### Friction Over Appointment Is Assigned as Cause.

LONG BEACH, Feb. 22.—At last night's session of the City Council, Dr. A. B. Austin presented his resignation as a member of the water commission and asked its immediate acceptance, which was agreed to. No reason was given, but it is understood that the action came as a result of the friction existing in the water department over a recent appointment.

### Minister Objects to Presentation of "Texas Tommy."

LONG BEACH, Feb. 22.—At last night's session of the City Council, Dr. A. B. Austin presented his resignation as a member of the water commission and asked its immediate acceptance, which was agreed to. No reason was given, but it is understood that the action came as a result of the friction existing in the water department over a recent appointment.

### MAKE FINE APPEARANCE.

Company I of Pasadena, National Guard of California, made an enviable showing at the annual inspection, which took place last night at the armory. The inspection was made by Capt. Stephen O. Fuqua, U.S.A. He was assisted by Brig.-Gen. Robert Fankowski of Los Angeles and Maj. John P. Sherburn of the quartermaster's staff. Col. W. G. Schreiber of Los Angeles also was present.

The inspection was public and the seats in the armory were occupied by a large number of spectators.

Artists' materials at Wadsworth's Hotel Vista del Arroyo, Pasadena. Times dictionaries now on sale at the Pasadena Branch, No. 52 S. Fair Oaks.

Suburban property in La Canada Valley, scenic, picturesque. H. L. Hayman, La Canada.

At auction, my entire stock of Japanese and Chinese art goods, jewelry, Navajo rugs and furs, and more, today, 10:30 and 2:30. O. A. Bosley, No. 294 East Colorado street.

### Decision Has A Broad Scope.

SANTA MONICA SUE BRINGS FORTH SWEEPING DECISION.

Validity of Tax Titles Is Assailed by the Supreme Court of California in an Extended Opinion—City Embarks on a Plan of Street Improvement.

SANTA MONICA, Feb. 22.—An opinion just handed down by the Supreme Court of California in a suit involving Santa Monica property sold for delinquent taxes is of particular interest to every county and city in the State. The suit was that of J. H. Smith versus the city of Santa Monica.

The plaintiff, who had acquired such title as might be conferred by the State, sought to quiet title to certain lots in the city. The property in question is the Bay-street Park and by its decision the Supreme Court virtually says that the lien for unpaid taxes held by a county does not merge with the title to property subsequently acquired by a municipality, but that if such taxes are sold, the lien is thereafter reduced to a tax title to the State, then the title does merge and the State has no authority to sell the property for the taxes, and if it does so sell, as it did in this instance, the purchaser takes no rights under his deed from the State. Furthermore, the buyer cannot recover his money, as he has paid it. He buys at his own risk. This opinion is confirmatory of the judgment of the trial court.

By a reading of the opinion it becomes apparent that a sale by the State of land previously sold to it for delinquent taxes is unauthorized and void, where such land after the sale to and prior to the sale by the State has passed into municipal ownership for public purposes under condemnation proceedings. When a municipal corporation acquires property under such circumstances, the title which the State takes by the Tax Collector's deed is merged into the larger title which the municipality holds under the State both for the public as distinguished from the State, and also for the State as the supreme sovereign as well. Wherever a municipal corporation acquires property under such circumstances, the title which the State takes by the Tax Collector's deed is merged into the larger title which the municipality holds under the State both for the public as distinguished from the State, and also for the State as the supreme sovereign as well.

Wherever a municipal corporation acquires property under such circumstances, the title which the State takes by the Tax Collector's deed is merged into the larger title which the municipality holds under the State both for the public as distinguished from the State, and also for the State as the supreme sovereign as well.

Wherever a municipal corporation acquires property under such circumstances, the title which the State takes by the Tax Collector's deed is merged into the larger title which the municipality holds under the State both for the public as distinguished from the State, and also for the State as the supreme sovereign as well.

## RESIGNATION IS ACCEPTED.

Member of the Water Commission Quits.

### Friction Over Appointment Is Assigned as Cause.

LONG BEACH, Feb. 22.—At last night's session of the City Council, Dr. A. B. Austin presented his resignation as a member of the water commission and asked its immediate acceptance, which was agreed to. No reason was given, but it is understood that the action came as a result of the friction existing in the water department over a recent appointment.

### Minister Objects to Presentation of "Texas Tommy."

LONG BEACH, Feb. 22.—At last night's session of the City Council, Dr. A. B. Austin presented his resignation as a member of the water commission and asked its immediate acceptance, which was agreed to. No reason was given, but it is understood that the action came as a result of the friction existing in the water department over a recent appointment.

### MAKE FINE APPEARANCE.

Company I of Pasadena, National Guard of California, made an enviable showing at the annual inspection, which took place last night at the armory. The inspection was made by Capt. Stephen O. Fuqua, U.S.A. He was assisted by Brig.-Gen. Robert Fankowski of Los Angeles and Maj. John P. Sherburn of the quartermaster's staff. Col. W. G. Schreiber of Los Angeles also was present.

The inspection was public and the seats in the armory were occupied by a large number of spectators.

Artists' materials at Wadsworth's Hotel Vista del Arroyo, Pasadena. Times dictionaries now on sale at the Pasadena Branch, No. 52 S. Fair Oaks.

Suburban property in La Canada Valley, scenic, picturesque. H. L. Hayman, La Canada.

At auction, my entire stock of Japanese and Chinese art goods, jewelry, Navajo rugs and furs, and more, today, 10:30 and 2:30. O. A. Bosley, No. 294 East Colorado street.

### Decision Has A Broad Scope.

SANTA MONICA SUE BRINGS FORTH SWEEPING DECISION.

Validity of Tax Titles Is Assailed by the Supreme Court of California in an Extended Opinion—City Embarks on a Plan of Street Improvement.

SANTA MONICA, Feb. 22.—An opinion just handed down by the Supreme Court of California in a suit involving Santa Monica property sold for delinquent taxes is of particular interest to every county and city in the State. The suit was that of J. H. Smith versus the city of Santa Monica.

The plaintiff, who had acquired such title as might be conferred by the State, sought to quiet title to certain lots in the city. The property in question is the Bay-street Park and by its decision the Supreme Court virtually says that the lien for unpaid taxes held by a county does not merge with the title to property subsequently acquired by a municipality, but that if such taxes are sold, the lien is thereafter reduced to a tax title to the State, then the title does merge and the State has no authority to sell the property for the taxes, and if it does so sell, as it did in this instance, the purchaser takes no rights under his deed from the State. Furthermore, the buyer cannot recover his money, as he has paid it. He buys at his own risk. This opinion is confirmatory of the judgment of the trial court.

By a reading of the opinion it becomes apparent that a sale by the State of land previously sold to it for delinquent taxes is unauthorized and void, where such land after the sale to and prior to the sale by the State has passed into municipal ownership for public purposes under condemnation proceedings. When a municipal corporation acquires property under such circumstances, the title which the State takes by the Tax Collector's deed is merged into the larger title which the municipality holds under the State both for the public as distinguished from the State, and also for the State as the supreme sovereign as well. Wherever a municipal corporation acquires property under such circumstances, the title which the State takes by the Tax Collector's deed is merged into the larger title which the municipality holds under the State both for the public as distinguished from the State, and also for the State as the supreme sovereign as well.

Wherever a municipal corporation acquires property under such circumstances, the title which the State takes by the Tax Collector's deed is merged into the larger title which the municipality holds under the State both for the public as distinguished from the State, and also for the State as the supreme sovereign as well.

Wherever a municipal corporation acquires property under such circumstances, the title which the State takes by the Tax Collector's deed is merged into the larger title which the municipality holds under the State both for the public as distinguished from the State, and also for the State as the supreme sovereign as well.

Wherever a municipal corporation acquires property under such circumstances, the title which the State takes by the Tax Collector's deed is merged into the larger title which the municipality holds under the State both for the public as distinguished from the State, and also for the State as the supreme sovereign as well.

Wherever a municipal corporation acquires property under such circumstances, the title which the State takes by the Tax Collector's deed is merged into the larger title which the municipality holds under the State both for the public as distinguished from the State, and also for the State as the supreme sovereign as well.

## METCALFE FUNERAL.

Anna Woman Is Interred With Honors Due One of Her Station and Worth.

AZUSA, Feb. 22.—At 10 o'clock this morning in the Presbyterian Church, the funeral service of Mrs. Mattison Ann Metcalfe was held, the pastor, Rev. Charles F. Richardson, and a former pastor, Rev. R. W. Cleland of Los Angeles, officiating.

The service was tenderly beautiful, the keynote of everything being the thought of the patience, the courage, the unflinching Christian faith of the deceased. "Her was a life of a true victory over the severest trials that life can bring," said Mr. Cleland, who had known her for a score of years.

Amid a profusion of flowers, for which Mrs. Metcalfe had a passionate love, her body was laid to rest in Oakdale Cemetery, beside those of two of her children. The pallbearers were Messrs W. R. Powell, J. H. Anderson, J. C. Twitchell, H. S. Rogers, W. A. Alderson, W. H. Elder of the church, and Charles Edwards.

Among the relatives and friends from a distance were: Mrs. Ida Metcalfe and four children, long residents of the city; Mrs. Laura Anderson, Rev. and Mrs. R. W. Cleland, and Mrs. Charles F. Richardson, and family. Mrs. George W. Richardson, Mrs. J. C. Twitchell, Mrs. H. S. Rogers, Mrs. W. A. Alderson, and Mrs. Alice Johnson of Hollywood.

CLAREMONT, Feb. 22.—The El Camino Citrus Association, which completed its new packing-house south of the Santa Fe River tracks a few days ago, is now shipping an average of one car a day. This handsome new building is of Spanish architecture and has the newest features for packing citrus fruit. It is fireproof. The roof is composed of asbestos and as a final protection there is a system of fire apparatus. The office and directory room are handsomely furnished as well as the women's parlor and dressing-rooms. In all the association's advertising and the historic Spanish names are adhered to and views are printed carrying out the meanings of the name. Automatic weighers and culling machines are a new feature in the establishment and the house has a capacity for four cars a day.

SOUTH PASADENA, Feb. 22.—City Tax Collector W. H. Lowry held a sale of property to satisfy delinquent taxes which amounted to about \$1500, from 1 to 3 this afternoon. He withheld the sale as long as possible in order to give every one a chance to pay, but February 27 marked the legal limit within which he was bound to hold the same.

In a cooking contest held at the Pasadena Model Grocery this week, three South Pasadena women appear on the list of prize winners. Mrs. W. F. Austin was awarded first prize for loaf cake, Mrs. J. E. Thomas received second prize for devilled cake and Mrs. William Moffitt first prize for doughnuts.

James Grant, a Los Angeles motorcyclist, took a trip through South Pasadena on his new motorcycle. As he did not pause long enough to admire the scenery, he was arrested by officers took him before Judge Soper, who, upon finding that it was his second ride, let him off with a fine of \$5.

TROPICO, Feb. 22.—Mrs. T. C. R. Wray, president, and Mrs. Zetta Hopkins, secretary of the Women's Civic League of Tropico, are planning a pleasant programme for the league for Thursday afternoon, having secured Alexander Irwin to address the league on the "Influence of Municipal Ownership of Public Utilities and High Price of Living." This address will be given at the Tropico grammar school at 5:15 o'clock.

WASHINGTON, Feb. 22.—[Exclusive Dispatch.] Representative Stephens today recommended the appointment of D. J. Shults as postmaster at Baldwin Park, vice Gustaf Johnson, resigned.

WASHINGTON, Feb. 22.—[Exclusive Dispatch.] Thomas E. Thomson has been appointed carrier of rural routes No. 6, but Assum vice Cornwall E. Smith, temporary appointee.

POMONA, Feb. 22.—After having in dementia for many hours, William Kuhn, a driver for the Capitol Grocery Company of this city, has regained his reason and is recuperating.

Sunday, Kuhn, in company with another young man and three young women, drove to San Antonio Canyon. While driving down a steep incline one of the horses stumbled, fell and broke its leg. One of the young women fainted and a second had hysterics over the accident, and when it was found necessary to kill the horse to end its misery, young Kuhn became greatly excited and also believing the hysterical young woman was in a critical condition, became beneficent of his reason. Although a physician was summoned and the young woman quieted, young Kuhn continued to rave and rant and through the night required close medical attention.

NEED RAIN. Ranchers on the Chino ranch are considerably worried over the delay of rains. There will be practically no barley raised if rain does not fall soon. Cattle formerly grazed on the hill lands are in poor condition and hay bought at high prices is being fed. Beet growers on the ranch are troubled because no beets can be planted unless rain comes by the middle of March, as there is little profit in raising beets by artificial irrigation. The American Beet Sugar Company, which operates the big sugar factory at Chino, is already irrigating its own land, having taken large contracts for sugar which requires the raising of many thousands of tons of beets.

The sugar factory management is urging the outside beet growers to irrigate their lands.

Funeral services of the late Oscar Overholzer, who died on Sunday at the Pomona Valley Hospital, will be held tomorrow afternoon from Todd's Chapel on Garey avenue at 2:30 o'clock. Rev. Lorenzo D. Van Arman officiating.

The young men of the First Baptist Church have opened a reading room in their class-room in the new church, which will be open each week evening at 7 o'clock for the use of the public. The room will be in charge of different young men of the church on different evenings. Last night the quarters were opened for the first time and were patronized by a goodly number of young men.

Citizens Are Confident of a  
Favorable Outcome.

NEWPORT BEACH, Feb. 27.—Law  
Wallace, chairman of the Committee  
on Harbors of the local Chamber of  
Commerce, was advised today that an  
appropriation of \$2500 had been  
made by Congress to defray the ex-  
pense of a preliminary survey of  
Newport Bay.

Orders have been issued that the  
work be done at once and estimates  
of the cost of jetties be ap-  
proximated. It is also ordered that  
an estimate of the cost of dredging  
be furnished and the cost of the  
maintenance of the port be given if  
possible.

The news of the action of the  
Congressional committee was re-  
ceived with much joy by the resi-  
dents of the beach. Faithful ones  
have been trying to obtain Con-  
gressional action for the past five  
years and outright refusals have  
fueled to dampen the ardor of the  
enthusiasts who persist in the be-  
lief that Newport Bay is one of the  
most natural harbors in the world.

There will be no relaxation of the  
efforts on the part of citizens to  
carry the successful beginning to a  
concrete triumph.

RAILROAD FILES ANSWER.

Paris Electric Will Vigorously  
Combat Thirty Thousand Dollar  
Damage Suit in San Bernardino.

SAN BERNARDINO, Feb. 27.—The  
Pacific Electric today filed an  
answer in the Superior Court in the  
suit brought by George Miller, Sr., for  
\$20,000 damages for the death of his  
son, Young Miller, who was killed by  
a car at Harlem Springs last Decem-  
ber. He had alighted from the car  
after passing Harlem Springs station,  
and started to walk back along the  
roadbed. The car backed upon him.  
The relatives claim negligence on the  
part of the motorman and conductor.  
The jury, composed of pioneers of the  
valley, refused to return a verdict  
implying the train crew in a charge  
of negligence, but made the pointed  
verdict that the young man's death  
was due to carelessness. The com-  
pany's answer sets forth that Miller  
was warned not to alight from the  
car, and that his death was due to his  
own negligence. The family is among  
the oldest in the valley.

FREEDHOLDERS ELECTION.

The Board of Supervisors has  
adopted an ordinance for a freehold-  
ers election, in connection with the  
proposed charter for this county. The  
ordinance does not fix the date for  
the election. At least thirty days  
must elapse from the date of calling  
the election and its taking place. It  
also requires that the date of the  
election be filed within thirty days  
of the election. For this reason it is  
likely that the Supervisors will pass  
the formal resolution April 1, but  
the election will not be held until May 10  
and 15. This will allow ample time  
for the filing of nomination petitions.  
There are thirty freeholders to be  
elected. The names of the freehold-  
ers are: George Miller, Sr., of Monrovia, Cal.

Charm'd Life.

AVIATOR PLUNGES TWO  
HUNDRED FEET TO EARTH.

[BY DIRECT WIRE TO THE TIMES.]

SAN BERNARDINO, Feb. 27.—[Ex-  
clusive Dispatch.] Harvey Crawford,  
one of Roland J. Van Hook's  
aviators, plunged two hundred feet  
to his death this morning, escaping death  
at Association Park, near Miramonte.  
His aerial craft was completely  
demolished. Though the heavy motor  
struck Crawford, pinning him to  
the earth, he escaped with only  
bruises and about the face, head  
and chest, and literally had his clothing  
torn off.

Crawford was trying out his craft  
preparatory for an exhibition flight  
next Sunday. Several trips with pas-  
sengers had been made, and an un-  
eventful morning seemed to be ahead  
of him. Crawford started up for a final  
try-out, and had reached an altitude  
of 1200 feet and was gracefully  
swinging through the sky, firing  
with the clouds, when something was  
seen to have gone wrong. He started  
to make an effort to reach back of  
him, and then the crowd below re-  
alized that his motor had gone dead.  
Crawford turned the plane toward the  
downward when within 200 feet of  
the earth he struck an airhole, and  
the plane, and he, came down like a  
rocket.

It struck the earth with a roar  
and a crash heard a mile across the  
aviation field. Crawford was soon  
surrounded and lifted, dazed, from  
the tangle of wreckage, after the  
heavy motor had been detached from  
his prostrated form. The fact that  
he dropped into a newly-plowed field  
is thought to account for his remark-  
ably escape.

FORGED DEED.

Charging that Pearl Lee McCowell  
bases her claim to land in this coun-  
ty upon a forged deed, D. A. Hood,  
attorney at law, today com-  
menced suit to quiet his title to the  
land. He declares that the land was  
deeded to him by Hiram E. Zimmerman,  
January 1, 1907, and that the deed  
was executed in the form of a deed  
from Zimmerman to one Jane Thorpe,  
August 21, 1907.

### INHERITANCE TAX DECISION.

Santa Barbara Court Holds That  
Gifts Are Not Subject to the Exac-  
tions of Willed Property.

SANTA BARBARA, Feb. 27.—Judge  
S. E. Crow of the Superior Court yes-  
terday handed down an important de-  
cision when he ruled that inheritance  
tax levied on bank stock given by the  
late Col. Russell Heath to his son,  
James Russell Heath, is not collect-  
able. The defendant alleged that the  
stock was a gift pure and simple, and  
asked that it be exempt from the tax  
and the judge upheld his contention.  
Col. Heath was the owner of vast  
acres in the Carpinteria Valley, and  
the County Treasurer filed an action  
in the Superior Court to collect in-  
heritance tax for all of the property  
which was left to the son. Objection  
was made only to the bank stock.

### NEWS BRIEFS.

The Hobson brothers of Ventura  
yesterday purchased the St. Charles  
property on State street for \$20,000.  
This being the second transfer of the  
property within a month. The prop-  
erty is one of the most valuable real-  
estate holdings on State street. Another  
deal of importance yesterday was the  
purchase by William H. Brown of the  
author, of seventy-four acres at  
Serena Beach, adjoining a tract that  
he already owned and on which he  
has a summer home.

Whether the Santa Barbara county  
walnut growers will unite with the  
Walnut Growers' Association of South-  
ern California to fight the proposed  
meeting to be held here, next Satur-  
day, of members of the local organiza-  
tion, if the plan is favorably ac-  
cepted, will be decided by the growers.

Accidents are aiding tuberculosis in  
extinguishing the Indian race in  
Southern California. The Coachella  
reservation a boy was thrown from  
a buggy by the sudden forward lunge  
of the horses, and sustained a fracture  
of the skull and concussion of the  
brain from which he has since died.

From a single section of land near  
Thermal, the deputies of the State  
Game and Fish Commission have in  
the last month trapped 520 quail and  
are continuing the good work much  
to the delight of ranchers whose sur-  
vivors have been molested by the little  
birds. The last 100 birds captured  
were sent to the San Fernando Valley.

### BREAKS UP ACOLD AND CURES GRIPPE

The Most Severe Cold and Grippe  
Misery Will Be Relieved in  
Just a Few Hours.

You can surely end Grippe and  
break up the most severe cold, either  
in head, chest, back, stomach or  
limbs, by taking a dose of Pope's  
Cold Compound every two hours until  
three consecutive doses are taken.

It promptly relieves the most mis-  
erable headache, feverishness, sneez-  
ing, sore throat, mucous catarrhal dis-  
charges, running of the nose, sore-  
ness, stiffness and rheumatic twinges.  
Take this harmless compound as  
directed, without interference with  
your usual duties and with the knowl-  
edge that there is no other medicine  
made anywhere else in the world,  
which will cure your cold or end  
Grippe misery as promptly and with-  
out any other assistance or bad after-  
effects as a 25-cent package of Pope's  
Cold Compound, which any druggist  
in the world can supply.

Pope's Cold Compound is the result  
of three years' research at a cost of  
more than fifty thousand dollars, and  
contains no quinine, which we have  
conclusively demonstrated is not ef-  
fective in the treatment of colds or  
grippe.

Indians for several weeks. News  
men there by careful quarantine  
measures the disease has been erad-  
icated and the reservation is experi-  
encing a condition of good health  
again.

Accidents are aiding tuberculosis in  
extinguishing the Indian race in  
Southern California. The Coachella  
reservation a boy was thrown from  
a buggy by the sudden forward lunge  
of the horses, and sustained a fracture  
of the skull and concussion of the  
brain from which he has since died.

vivors have been molested by the little  
birds. The last 100 birds captured  
were sent to the San Fernando Valley.

### BANNING NOTES.

BANNING, Feb. 27.—Smallpox  
broke out among the Coachella In-  
dians and frightened both whites and  
Indians.

El Centro.

### ORNATE PARK PROVIDED FOR THE NEW COURTHOUSE.

EL CENTRO, Feb. 27.—Imperial  
county's ten-acre Courthouse site  
is to be improved at once. The  
Supervisors have adopted the plans  
submitted by P. W. Waite of El Cen-  
tro, and have placed him in charge of  
the work. The ground will be leveled  
this week, and as soon as it is ready  
will be set to trees.

The tract is bisected by Main street,  
leaving five acres between Main and  
Broadway and five acres between  
Main and State street. On the north  
five acres the Courthouse building  
eventually will be located. In the  
center of the south five acres will be  
erected a handsome band stand. A  
number of trees will line the north  
tract, and four large date palms will  
be utilized to ornament the expanse  
of lawn to surround the building. On  
the south tract the western end will  
be converted into a grove of eucalyptus  
trees, and the center of the tract will  
be planted with citrus trees. The  
branches may be bare and crowds  
may assemble in the sunshine within  
this grove. Umbrellas, peppers, eu-  
calyptus and palms will be used for  
the balance of the scheme.

At present work will surround the  
band stand, and it will be set in a  
bower of trees. The present Court-  
house of Imperial county is a build-  
ing block of two stories, located in  
the middle of the business  
district. The county has a  
contract with W. F. Holt to  
purchase it from the date of its con-  
struction. Imperial county has absolutely  
no bonded indebtedness, and the  
time to construct a Courthouse  
will be demanded. In anticipa-  
tion of this the ten-acre grounds are  
to be improved at once.

### DEMOCRATS ORGANIZE.

The Democrats of Imperial Valley  
held a meeting at El Centro last  
Saturday evening and organized the  
Imperial County Democratic Club  
with F. C. Farr of Imperial as pres-  
ident; W. Collins of El Centro,  
secretary; Victor Sterling of Imperial  
and A. B. Anderson and N. J. Reid of  
El Centro as Executive Committee.

Fifty-five members enrolled. It is  
expected that a membership of at  
least 350 will be gathered in. The  
club will have a banner and a flag  
and will be represented by a delegate  
to the State convention.

### BUILDING ON RANCHES.

One of the notable movements of  
this year's development in Imperial  
Valley is the building of many sub-  
stantial ranchhouses. The women  
of this valley have done an heroic  
work in their part of the reclama-  
tion of the desert. At the era of tent  
houses and brush shacks is passing,  
and that of comfortable homes with  
modern conveniences is arriving. In  
parts of the valley this spring many  
substantial residences are being  
erected on the ranches.

### VALLEY BRIEFS.

Water was again turned into the  
valley canals yesterday, after having  
been shut off for several days be-  
cause of a break at Sharp's Heading, where  
repair work is being done. By this  
evening all canals will again have  
their full supply of water.

El Centro has developed a new  
financier. A stranger paid 25 cents  
for a bed at the tent city and in the  
morning striped the blankets, took  
them up in a neat roll covered with  
burial and marched into the office,  
where he sold them to the prop-  
rietor for a dollar before it was  
discovered that the bed had been  
robbed.

Bill Brothers of Tulare, have pur-  
chased the 120-acre ranch of George  
A. Swann, two and a half miles north-  
west of Imperial. They will use it  
for stock raising.

H. H. Denker of Los Angeles has  
purchased the Harmon ranch of 160  
acres in Water District No. 8 for  
\$14,000. The ranch has sixty-five  
acres of alfalfa.

Before daylight Saturday, burglars  
broke a large plate glass window in  
the store of Yarnes Brothers at Cale-  
xico and stole five suits of clothes  
and several shirts and hats. This is  
the third robbery of this character  
in Calexico within a few weeks.

The German Club at Imperial is  
building a hall, 30x50 feet, with a  
30x30 foot basement. The building  
is to be completed within thirty days.  
The second rural free mail delivery  
route is to be established from Imperial  
to the west and southwest, on the  
first of May.

The annual Chamber of Commerce  
banquet at Holtville was held on  
Wednesday a Birthday, and was large-  
ly attended.

The Calexico Savings Bank has peti-  
tioned the Superior Court of Imperial  
county for permission to disincor-  
porate.

George H. Boulton has filed six  
mining claims on land in the Carrizo  
Creek region. E. C. Chase has filed  
two, and J. W. Provost has filed one  
on land in the same district. Five  
and a half miles east of Carrizo Springs.  
William T. Collins has purchased  
from Joseph M. Foster half of tract  
148 for \$4000.

### BREAKS UP ACOLD AND CURES GRIPPE

The Most Severe Cold and Grippe  
Misery Will Be Relieved in  
Just a Few Hours.

You can surely end Grippe and  
break up the most severe cold, either  
in head, chest, back, stomach or

will be demanded. In anticipa-  
tion of this the ten-acre grounds are  
to be improved at once.

## Public Service: City Hall, Courts.

## SUMMARY OF THE DAY.

Councilman Reed proposed a full 100 per cent valuation of all city taxable property in the Council yesterday.

Council plans to sell the City Hall for not less than \$400,000 early in May.

The preliminary skirmish of a lawsuit over a fortune occurred in the Superior Court yesterday, when an effort was made to have several brothers account for the sale of property left them in trust by their father.

## At the City Hall.

## WOULD ENLARGE DEBT LIMIT.

## REED WANTS FULL VALUATION OF ALL CITY TAXABLES.

Step to Increase Opportunity to Plunge Into Municipal Ownership Projects, Probably Street Railways—Council Declines to Act Immediately.

A full one-hundred-per-cent valuation of all taxable property in Los Angeles City is the demand of a resolution introduced by Councilman Reed yesterday by Councilman Reed.

The purpose is to bring the tax valuation to the highest possible point in order that the city's debt limitation will be this enlarged and the opportunity for municipal ownership schemes improved. Reed is the principal advocate of taking over the street railway lines within the city and such a purpose would be futile if the course of years was followed to bring enough margin in the debt limit and existing debt.

On a valuation of 50 per cent last year the total was \$28,400,000, including corporations taxed by the state. If Reed's suggestion is followed the valuation would increase to about \$50,000,000 and permit a margin of about \$20,000,000 for new debt.

Of course it is not the purpose to maintain the present rate of taxation with the increased value. It costs less to reduce 50 per cent. The rate for this year is 25 cents (the limit is \$1 for municipal purposes) and the valuation increase would permit of about a 60 cent rate, if the city's income is to be maintained at the usual standard.

Reed urged immediate action on the resolution but the Council preferred to send it to the Finance Committee, the City Attorney and the City Assessor, jointly, for consideration. Reed explained the need for immediate action in the fact that the assessor will begin next Monday on the annual reappraisal of all property.

## BROADWAY TUNNEL COUNCIL APPROVES.

Plans for the reconstruction of the Broadway tunnel, by which it is to be reduced to the grade of Temple street, were ordered by the Council yesterday, the cost of the work to be borne by assessment district.

The engineer is left to work out a plan for either an open cut or an enlarged bore but he is directed to make the assessment district so that Broadway, south of the tunnel will bear one-half the cost of the work and an area benefited to the north the other half. The cost of the work is estimated at \$115,000, not including consequential damages to abutting property south of the bore, or changes of traction lines.

City Engineer Hamilton in his report did not favor the use of the enlarged bore by the traction lines but believes they should make their own bore privately. The Board of Public Works is asked to carry out the instructions and prepare the assessment district.

## NORMAL SCHOOL CLEARING-HOUSE AID.

A new aid to the city in acquiring the State Normal School site at Fifth and Grand avenue has been found by Councilman Whiffen, chairman of the Finance Committee. The new aid is the Los Angeles Clearing House Association which has indicated to him its willingness to co-operate with the city in making the acquisition actual.

Some time ago the City Club adopted resolutions asking the Clearing House to assist and since then it is understood the subject has been under consideration.

Whiffen said yesterday that he would call a meeting of city officials and clearing-house officers to be held in the council chamber Friday evening, at 7:30 o'clock, when the whole subject will be discussed. Whiffen said he was not prepared to discuss details of any arrangements possible.

## CITY HALL SALE MAY BE IN MAY.

Negative votes by Councilmen McKenzie, Reed and Whiffen prevented the adoption of the ordinance of intention to sell the City Hall by the Council yesterday.

The measure was reported by City Attorney Shennett at the morning session, but was objected to by Topham because it did not provide that the city should have the right to retain the use of the buildings for two years after the sale. In the afternoon a corrected measure was submitted, but it required unanimous consent to pass, being its first reading in the Council, and opposition caused delay of one week.

The sale is to be by sealed bids which may be "raised" by any bidder in any sum not less than 10 per cent after they are opened. The minimum price is fixed at \$600,000, and the sale is to be held not less than sixty days after the passage of the ordinance. This will bring it early in May.

## Halt Silver Lake Project.

Progress in the proceedings for the condemnation of the Silver Lake Park project was halted yesterday by City Attorney Shennett and Park Commissioner O'Melveny, who asked that the ordinance of intention be amended to exclude condemnation of the rights of way of the Los Angeles and Pacific Electric Railways. It is believed this will eliminate about \$100,000 of the cost of the project. Notices are being posted by the City Engineer and this work was ordered suspended. In the meantime, the Council Public Welfare Committee will investigate the situation and make a recommendation.

## San Pedro Street Opening.

City Engineer Hamilton's plan to open San Pedro street, from Third to

to Main streets, was approved by the Council yesterday and he was directed to complete plans and prepare an assessment district. The estimates he made for municipal tracks on San Pedro street between Fifth street and the Plaza, were referred to the Legislation Committee for consideration.

## City Storehouse.

Councilman McKenzie revived the project of assembling the city's major shops and storehouses in one point by introducing a resolution yesterday providing for the building of a storehouse and repair department on land the city owns at Avenue 29 and Pasadena avenue. The resolution was referred to the Budget Committee with approval.

## Clean Council Chamber.

The City Council chamber is to be "cleaned out" without the aid of the recall. Councilman Topham has endeavored the grimy draperies nearly two months and yesterday he brought in a report from the Building Committee directing the Board of Public Works to have everything cleaned and the bill sent to the Council.

## City Hall Brevities.

City Attorney Shennett was authorized to appear before the United States Supreme Court to present the case of Pomona against the Pacific Telephone Company, in which the city is an intervenor. To permit him to leave on immediate notice \$500 was appropriated.

The ordinance repealing the lodging-house license tax was passed yesterday by the Council yesterday. J. W. Wells, Socialist, asked the Mayor to sign the initiative petition adding two Socialists to the Aqueduct Investigating Committee yesterday and declined. He said he is satisfied with the committee.

It will soon be a misdemeanor to misrepresent any public petition, as the Council passed the ordinance to this effect yesterday.

## At the Courthouse.

## HOCUS POCUS, IS GRANDSON'S CRY.

## WOULD COMPEL ACCOUNTING OF SALE OF PROPERTY.

Suit Is Begun, Through Guardian, To Require Report on Certain Moneys—It Is Alleged Brothers Bought Realty Left in Trust and Sold at Profit.

The first skirmish in a battle involving a fortune was fought in Judge Houser's court yesterday, when the suit of George Washington Plant, by his guardian, Mrs. Julia L. Woods, against Charles Plant and others was called.

The estate involved in this left by the late Roger S. Plant, and embraces property in this city and Chicago. A provision of his will was that the estate should be left to his sons to be held in trust and not to be sold for a period of ten years without the consent of all concerned.

It is alleged, however, according to the statement of Attorney Potter, representing George Washington Plant, who is the grandson of Roger Plant, that within this period of inhibition the five brothers, Charles, Henry, Richmond, William and David L., obtained in order from the court permitting them to sell the property.

It is further alleged that they arranged to buy it at a low figure, one of the brothers being the buyer, and that they sold it for an increased figure. The property was worth \$125,000. It is alleged the deal went through for \$39,000, and subsequently the property realized \$127,000.

Action yesterday was to compel the brothers to account for the difference between the price they paid for it and the figure it sold for, as well as for other moneys.

Measures of the five brothers have died, namely, William and David L. Plant. On demand of Attorneys Anderson and Odell, representing the brothers, then an administrator or be appointed and that he be named as a defendant, the court made an order joining all parties in the suit and continued the case until April 15.

It is sought to declare the brothers trustees of the property. They deny the charge of conspiracy.

## FIRST CASE IN COURT.

BABY RAILROAD IS SUEED. The Angels' Flight Railroad, which is known as the shortest in the United States, one of the most profitable and hitherto free from damage suits, figured in its first action yesterday, when the suit of O. H. Helmer against J. W. Eddy for \$11,565 damages for personal injuries, was tried in Judge Dooling's court. The jury found for Eddy.

Helmer was a passenger on the car November 26, 1910, and stepped off when it halted at the Hill-street terminal. Before he could get his foot out of the way, the car resumed its trip and Helmer's foot was caught and crushed against the bumper. He was represented by Attorney Dehm while Attorney Pope looked after Eddy's interests.

The fact that the railroad is a corporation had influence with the jury, which intimated that if the suit had been brought against the company, the verdict might have been different.

## COURT WANTS CASH.

NO TERMS IN SALE. There was another hitch in the sale of the property at Nos. 225-7-9 South Spring street yesterday when Judge Rives declined to accept the conditional bid of C. H. Brown, acting for J. K. Tennant. The court held that the offer must be cash, and continued the matter one week.

Brown bid 10 per cent over the bid of George Zobelet and deposited a check and a memorandum of terms which comprised \$50,000 cash, \$50,000 in sixty days and a mortgage to cover the balance. Zobelet offered \$185,000 cash, which was conditional on the debt represented by one of the interests agreeing to the terms. The court declared this bid had a string in it, and called for bid. Brown responding. He stated last night that the total cash will be put up next Tuesday.

## MAY BREAK RECORD.

LENGTHY COURT DOCUMENT. A bill of exceptions numbering 450 pages will be served within a

few days by Attorney Ball in the appeal of the Purcell will contest case to the Supreme Court. This, it is believed, will be the largest bill of exceptions served in the history of the Superior Court of this county.

Ball and other attorneys represent a brother and six nieces and nephews of Purcell, who left an estate of \$125,000. Suit was brought to break the will on the ground that Mrs. Purcell was of unsound mind and had been influenced at the time she drew the document. Small bequests were left to the relatives, the bulk of the estate being in the control of the executor, Judge Finlayson, who heard the case, granted a non-suit, finding that Mrs. Purcell possessed testamentary capacity.

The appeal is based on the order of the court granting the non-suit, refusing to strike out the costs in the case, amounting to \$245, and other causes.

## MUSICIAN'S WILL FILED.

FORTUNE GOES TO SPAIN. The will of Juan Christomano Manchito, which was filed for probate yesterday, deals with names of the former glory of Spain. Manchito died last Thursday. He was a musician who had accumulated an estate valued at \$17,000. He was a native of Cuba, marrying in 1870, Dona Maria de la Salud Ramon y Ibanez at Seville, Spain, whom he survived.

After making certain bequests, Manchito leaves the residue of his estate to Dona Trinidad Gratal y Manchito, who married Don Fidel, a mayor of a Spanish city. Manchito recites that although under the laws of Spain the husband has the right to manage and administer property, he desires that the device possess his property as her separate estate and dispose of it as she thinks best.

Manchito owned real estate in this city and was heir to property in Nicaragua. He leaves five bonds of the county of Los Angeles and 150 shares of the capital stock of the Big Bug Gold and Copper Mining Company.

He leaves \$1000 cash to his sister, Dona Juana Mata Manchito of this city, various sums to his nephew and nieces, and \$100 to the Spanish Benevolent and Mutual Society of Los Angeles. Thomas L. Duque is named as executor.

## FILE LAST PAPERS.

FIGHT FOR BALDWIN ESTATE. The last papers in the fight of Beatrice Anita Baldwin for a share of the estate of E. J. (Lucky) Baldwin, have been filed with the Supreme Court and it is expected that an early opinion will be rendered.

Attorney Dockweiler, who represents the alleged daughter of Baldwin, filed the reply brief last week. Petitions for the partial distribution of the Baldwin estate were continued in the probate court until March 26.

## DISMISSES ACTION.

VERNON CASE KNOCKED OUT. The accusation against Thomas J. Furlong, City Clerk of Vernon, was dismissed for lack of jurisdiction by Judge Hutton yesterday. The action was brought by Thomas F. Moore, who alleged that Furlong had failed to certify a petition left with him for the record of certain Vernon Trustees.

## PAPERS SOAKED IN FIRE.

Two pieces of paper were identified by Fire Marshal Shrewsbury of Long Beach and marked as exhibits in Judge McCormick's court yesterday as part of the alleged materials used in starting an incendiary fire November 30 last, in an apartment-house at No. 240 Chestnut street. The papers appeared to have been soaked in coal oil.

Robert F. White, formerly employed as a conductor on the Pacific Electric, is charged with having set the house on fire. He owns the property, and the allegation is that he desired to recover the insurance on the furniture. He enters a strenuous denial.

The case against White is circumstantial. The fire broke out early in the morning. After an investigation by Shrewsbury, a complaint was sworn out against White charging arson. He is represented by counsel and is making a hard fight.

## COURTHOUSE NOTES.

BREVITIES MISCELLANEOUS. INSANITY CHARGE. Nicholas J. Koss, whose wife charges him with insanity, was placed in the care of Dr. Le Moyne Willis by Judge Hutton yesterday. Dr. Willis stated that he will select a private sanatorium where Koss can be properly cared for and asserted that after treatment he will be safe to go abroad. E. E. Hubbard, in charge of the psychopathic ward of the County Hospital, testified that Koss is mentally sound from his observation of him. Koss is alleged to have attempted to kill his wife.

FINDS FOR COMPLAINT. A jury in Judge Dooling's court found judgment yesterday for \$1700 for Margaret M. Marker in her suit against Mrs. L. C. Mahan of Pasadena for injuries received when Mrs. Mahan's automobile collided with the carriage in which Mrs. Marker and her sister were sitting, throwing over the occupants. Suit was brought for \$10,000 damages.

REOPEN CASE. The action of Joseph Messmer to determine that there was a right of way across fifty acres of an estate near the Palms was reopened in Judge Wilbur's court yesterday, the court granting him leave to amend his complaint. Messmer is seeking an egress from property he owns and asserts that an old road existed which he desires to re-open. The right is denied him by the defendant, Martin Charlet, and the battle wages around this point. The case was submitted.

## IN THE INTERIOR COURTS.

White Man and Japanese Cannot Account for Injuries Received in Quarrel—Go to Jail. Charles Manley had a black eye of large dimensions when he appeared in Police Judge Frederickson's court-room yesterday. Harry Kato, a Japanese, had a cut on the back of his head and a long rip in his shirt. "How did it all happen?" asked the court.

"I don't know who started it," said the Japanese. "I don't even know what happened," declared Manley, who was the defendant. Later Manley said he guessed several little brown men jumped on him,

## SECURITY TRUST &amp; SAVINGS BANK

## Important Announcement

Effective Wednesday morning, Feb. 28, the business of The Southern Trust Company will be merged with and conducted by the Security Trust & Savings Bank, in Security Building, Spring and Fifth Streets.

On and after this date the combined resources of this institution will be more than \$45,000,000.00, and the capital and reserve will exceed \$3,300,000.00.

A section of the Fifth Street corridor of the Security banking room has been set apart for the special accommodation of patrons of The Southern Trust Company for the convenience and accommodation of whom special efforts have been made.

Patrons will find their own tellers in this section and the transfer of their accounts and exchange of pass books for those of the Security will be effected without inconvenience.

This merger will be of decided benefit to patrons of both banks, as the combined institution has greatly increased facilities for serving its patrons and the public.

## To The New Californian

You are now a favored resident of the glorious State of California, and that you may continue happy, prosperous and contented in this beautiful land, take heed to the following few words of friendly advice—

Do not speculate in real estate before you have become thoroughly familiar with land values and the local conditions affecting them.

Invest your money where you will know it is absolutely safe. You know of the safety and convenience of Building and Loan Associations—invest in the \$100 Certificates of this Association. These Certificates yield a net 6 per cent, payable semi-annually. They are secured by Trust Deeds to improved California property, appraised and inspected by our own expert appraiser.

An investment in these Certificates relieves you of all the worry, bother and risk connected with Mortgages or with the direct ownership of property. Furthermore, your investment may be for a long or short term as desired. Your entire principal can be withdrawn with interest in full at any time after the first year.

This sort of an investment was "made-to-order" for you. Don't fail to take advantage of it.

Provident Mutual Building Loan Association

6% \$ \$ \$ \$ \$ 6%

and Kato guessed that Manley hit him with a rock.

"Do you mean to tell me that you don't know how you got that cut on your head?" demanded the court.

The Japanese shook his head and smiled in a sickly sort of a way.

"And don't you know how you got that black eye?" asked the court of Manley.

"No, your honor," was the reply.

"We will send you to jail for fifty days and see if you can't remember," said the court.

When Is Gun Concealed?

Is a loaded shotgun, wrapped in paper, a concealed weapon? That is a question that may be decided this afternoon when Harry Carter is tried. He was arrested yesterday charged with carrying a concealed weapon. It is alleged he was carrying the gun while looking for another man. Who informed the police, Carter does not know. The desk sergeant says the man at the other end of the wire re-

fused to give his name. Carter declared the mere wrapping of the gun in paper did not conceal it in the sense of the statutes because anyone who might look at the bundle would know it was a shot gun.

Shovel Case Trouble.

Jacob Zimmerman, charged with having received stolen property, was yesterday bound over to the Superior Court by Police Judge Rose. His bond was fixed at \$1000. It is alleged Zimmerman bought four dozen shovels from an employee of Fairbanks, Morse and Company for a small sum, knowing them to have been stolen. He was to resell them and divide the profits with his confederate.

Bring Your Friends to California.

From March 1 to April 12, colonist tickets will be on sale from many points in the East at greatly reduced fares. Deposit money with our agents and we will furnish tickets and arrange for their trip. Southern Pacific.

Five Floors above the City's dirt and dust —Jeane's Candy Kitchen

"Where Prices Are Lowest for Safe Quality"

## Creamed Tuna Fish

A tempting and tasty dish of creamed Tuna fish is prepared according to the following recipe: Put the contents of one large can Tuna fish in a deep pan and set on the fire; over this pour a cup of milk and add a small piece of butter; salt and pepper to taste. When this comes to the boiling point thicken with a tablespoonful of flour and milk. Serve hot.

"Blue Sea" brand of Tuna fish is better and skinnier—it so closely resembles the taste of chicken in both flavor and appearance that the most experienced cook is sure to be in doubt after it has been carefully prepared.

The Oil Industry.

OIL EMPLOYEES  
PUBLISH PAPER.First Copy of *Ebano News* Is  
Full of Interest.Pertinent Facts About Great  
Mexican Property.Oil News of Interest from  
Fields of State.

There has been received in Los Angeles a copy of the first issue of the *Ebano (Mexico) News*, dated February 1, 1912, which is published by the employees of the Mexican Petroleum Company, Limited. This property is controlled by E. L. Doheny and C. A. Canfield of Los Angeles, and as there are several thousand stockholders, many of whom reside in California, the paper is of considerable interest.

The *News* tells of the purchase in fee simple last December by the Mexican Petroleum Company of 10,000 acres of land at Cerro Azul, Juan Felipe and La Campechana. The lands in question are located about eighteen miles south of Casmato, and are among the most promising of the company's fee simple holdings. Another item of great interest is the claim that Casmato well No. 7, owned by the Huasteca Petroleum Company, a subsidiary of the Mexican Petroleum Company, is the greatest oil well in the world.

This claim is backed up with some statistics of interest. It has produced since September 15, 1910, over 11,000,000 barrels of oil without a drop of water; its daily average production, steadily maintained since its coming in seventeen months ago, is close to 25,000 barrels; it is flowing today under an even greater pressure than it was one year ago; except for a small loss at its coming in, every barrel of the production is accounted for in the company's books. It is claimed that if this well was allowed to flow at its full capacity, its output today would equal if not exceed that of any oil well ever known. This estimate is based upon the well's flow when it was brought in, and is amply supported by the testimony of experts.

It is further stated in the *Ebano News* that when present orders are filled the Mexican Petroleum Company and the Huasteca Petroleum Company will have a total concrete storage amounting to 10,100,000 barrels. The Mexican Petroleum Company is now having two steel tank steamers built in England, one of 65,000 barrels capacity and the other of 45,000 barrels. It also at this time has one tanker under charter. All told, including launches, barges and other vessels, the company now has over thirty vessels in its fleet.

The Huasteca Petroleum Company owns sixty-seven tank cars and the Mexican Petroleum Company owns fifteen. The average capacity is 12,000 gallons. A new office building has recently been completed at Tampico for the accommodation of the officers of the company, and work has been begun on new buildings for the employees of the company in the field.

The total of lands owned and controlled by the Mexican Petroleum Company reaches 600,000 acres; it owns 710 miles of private telephone lines; the length of the Huasteca oil pipe line upon completion will be 150 miles, with a daily capacity of 60,000 barrels, and the *Ebano* pipe line is 55 miles in length. The company also owns sixty-nine miles of railroad and the productive capacity of its wells is 65,000 barrels a day. The total production to January 1, 1912, was 11,000,000 barrels, and present contracts call for the delivery of 55,000,000 barrels.

**Derricks Blown Down.**  
The heavy winds of the past few days wrought havoc among the oil derricks in the Coalinga field. At least seven derricks were blown down, and several bunk-houses, net the same fate. The damage was not confined to that field, reports from the Midway and other districts indicating that there will be much extra work for the carpenter.

**Oil in Roumania.**  
While most of the European oil fields showed a decreased production at the end of 1911, Roumania established a new high record for that period, its production amounting to 1,112,540 barrels. In 1910 the production was 9,737,330 barrels, showing an increase for 1911 of 1,476,230 barrels. The daily average production for 1911 was 26,443 barrels, and for 1910 it was 26,477 barrels.

**Standard's Xirarte Well.**  
As the drilling proceeds on the Triarte well of the Standard in the Fullerton field the fact becomes more apparent that it will be some time before the hole can be brought to production. There seems also to be some question as to whether the rotary rig is entirely satisfactory. It is believed that when the well is finally brought in it will do better than 500 barrels a day, but this estimate is of course only guess work.

**News Notes and Personals.**  
W. R. Guberson and L. R. McCollum of the Coalinga oil field left the other day for a business trip to San Francisco. Both are connected with the oil industry.

M. F. Guberson, who is general manager of Midway oil properties for a big English syndicate, has returned to San Francisco from a business visit to Coalinga.

M. H. Griffin of Coalinga, largely interested in the oil industry of the northern field, has returned from a business trip to Fresno.

George Fowler of Coalinga, identified with the oil industry of that district, has returned from a business trip to Hanford and other points.

Robert N. Atmore of the Coalinga field has returned from a business trip to the Lost Hills for the Axelson Machine Company.

L. S. Haseltine, general manager of the British Oil Corporation, Ltd., of Coalinga, has returned from a business trip to San Francisco.

The actual production of the three wells of the Amalgamated Oil Company in the Fullerton field is as follows: No. 1, 400 barrels daily; No. 2, 500 barrels; No. 4, 1200 barrels; total 2100 barrels.

On the Yorba ranch in the Fullerton field, where M. H. Mosier is drilling for his first well at 600 feet, H. R. Mosier, George Walker, Shaffer and Henry Argue have secured

forty acres and have already started work. Alex McClure has forty acres and the Anaheim Oil Company has a similar tract. Much new work is contemplated.

Stocum Bros. have brought suit against the British Consolidated Oil Corporation to keep it from interfering with oil property on the Ferndale ranch in Ventura county.

## FINKELSTEIN GUILTY.

Young Russian Jew Convicted in United States District Court of Being White Slave.

Jacob Finkelstein, a young Russian Jew, was found guilty of being a white slave by Judge Wellborn in the United States District Court yesterday.

The case has been in court a week and has attracted wide attention, especially among members of the legal profession.

According to the evidence, Finkelstein, shortly after marrying Dora Baker in Chicago, took her to El Paso, where he forced her to live a life of shame. From there he forced her to travel through parts of Mexico with him. The pair finally came to California.

Finkelstein placed his wife in a house in Bakersfield. After taking what money she had he deserted her and went to Chicago. He was arrested there and put up a hard fight to avoid being brought back to California.

Information of the change of attitude of the Southern Pacific was received yesterday in a telegram sent by the commission to F. P. Gregson, traffic manager for the Associated Jobbers. The order of the State Board made the reduced rates effective yesterday.

When the railroad company appealed to the courts the rates in excess of the reduced rates ordered by the commission were impounded, and will now be returned to the shippers.

Information of the change of attitude of the Southern Pacific was received yesterday in a telegram sent by the commission to F. P. Gregson, traffic manager for the Associated Jobbers. The order of the State Board made the reduced rates effective yesterday.

When the railroad company appealed to the courts the rates in excess of the reduced rates ordered by the commission were impounded, and will now be returned to the shippers.

## TO EXECUTIVE COMMITTEE.

Notice of the election of H. E. Huntington as a member of the Executive Committee of the Chesapeake and Ohio Railroad, succeeding Theodore P. Shonts, has been received here. Mr. Shonts, however, remains as a director of the company. Huntington had been a director of the Chesapeake and Ohio previous to his selection as a member of the Executive Committee. He has also been elected a director of the Missouri, Kansas and Texas Railroad, succeeding H. J. de Marez Oyens, deceased, who represented the Dutch holdings in the company.

## OVER PATENT WALL BLD.

A bill in equity was filed in the United States District Court, yesterday, by Marshall Stearns Company, and Charles R. Jordan against C. W. Reynolds, alleging the illegal use of a patent wall bed, invented and patented by Jordan, and afterward transferred to Marshall Stearns Company. An injunction is asked restraining the defendant from further sale or use of the device. A similar action was brought by the same plaintiffs against R. H. Anderson, involving the same patent and a similar prayer on the part of the orator.

## WOMAN AIDS IN CAPTURE.

Charles Dean, a negro of unusual proportions, was arrested yesterday, largely through the instrumentality of Mrs. C. G. Gilpin, wife of Patrolman Gilpin, on a charge of having stolen a quantity of copper wire. Dean was caught near a grove in Hollywood where the insulation was being burned off the wire. Gilpin and his wife were about to start home after a visit with neighbors when smoke was noticed in the grove. Four men were seen to run when the officer and his party approached. Mrs. Gilpin saw the negro hide behind a tree, and raised the alarm.

## GETS A BETTER JOB.

L. A. Munroe, assistant to the chief rate clerk in the passenger department of the Salt Lake railroad, has gone to San Francisco to take a similar position with the State Board of Railroad Commissioners. Munroe has been succeeded by C. W. Litchinger, former private secretary to General Passenger Agent Peck.

## Natural Looking Teeth

Artificial teeth that don't look good and don't natural are a failure. We study the question of naturalness in all the phases when making teeth by ALVEOLAR METHOD. Call or write for our book. It is free.  
**REX DENTAL COMPANY,**  
500 Severance Bldg., Los Angeles

## INFORMATION

For News, Features, Subscribers and  
Advertisers, Agents and the  
Public, write to the

**Los Angeles Times**

## SCOPE AND AIMS:

PUBLISHED REGULARLY more pages of  
news and other reading matter and a  
larger volume of advertising than any  
other paper extant.

**PRINCIPAL FEATURES:** Independent,  
uncompromising, unshackled, unpre-  
judiced, unafraid and unhesitant.  
THE LOS ANGELES TIMES is devoted  
to the great principles of Liberty under  
Law. Equal Rights in all fields of lawful  
human endeavor. Industrial Freedom, and  
the upbuilding of Los Angeles, the  
State of California and the great South-  
west.

**AS TO LABOR:** The Times is the  
unwavering friend of all honest toil-  
ers of all unshackled labor-adding work-  
ers everywhere; and while never denying  
the right of workingmen to organize law-  
fully, it is the unyielding foe of lawless  
proscriptive, monopolistic and exclusive  
labor organizations, because they are the  
selfish enemies of their own class and of  
the common industrial wealth. Our position  
is unshakable and will be maintained.  
The long record of The Times as a just,  
liberal, reliable newspaper is irrefragable.  
During the period between August 4, 1909,  
and September 28, 1911, there was mailed to  
our loyal and well-satisfied non-union  
workmen, in salaries and wages, the tell-  
ing average cash sum of \$1,055,219.17—  
mainly to skilled labor.

**KNOWN CIRCULATION:** Daily net average  
circulation during 1911 including for 1911,  
\$1,055,219.17; for 1910, \$1,055,219.17;  
for 1909, \$1,055,219.17; for 1908, \$1,055,219.17;  
for 1907, \$1,055,219.17; for 1906, \$1,055,219.17;  
for 1905, \$1,055,219.17; for 1904, \$1,055,219.17;  
for 1903, \$1,055,219.17; for 1902, \$1,055,219.17;  
for 1901, \$1,055,219.17; for 1900, \$1,055,219.17;  
for 1899, \$1,055,219.17; for 1898, \$1,055,219.17;  
for 1897, \$1,055,219.17; for 1896, \$1,055,219.17;  
for 1895, \$1,055,219.17; for 1894, \$1,055,219.17;  
for 1893, \$1,055,219.17; for 1892, \$1,055,219.17;  
for 1891, \$1,055,219.17; for 1890, \$1,055,219.17;  
for 1889, \$1,055,219.17; for 1888, \$1,055,219.17;

Have Your Ticket Read "Burlington"

When You Go East

You generally expect to include in your tour a number of the big cities. It is desirable to be ticketed over a railroad that will include as many of these cities as possible at one integral fare; certainly it is more convenient to use one comprehensive Eastern Railroad System than several different roads.

Note Where Burlington Trains Run:

Denver—Omaha—Chicago

Denver—St. Joseph—St. Louis

Denver—Kansas City—St. Louis

Kansas City—St. Louis

Kansas City—Chicago

Kansas City—Omaha

Omaha—Peoria—Chicago

Omaha—St. Louis

Minneapolis—St. Paul—Chicago

Minneapolis—St. Paul—St. Louis

Billings—Denver—Omaha

Billings—St. Joseph—Kansas City—St. Louis

It requires an extensive combination of different railroads east of the mountains to provide the train service which the Burlington maintains between these cities.

## WANT HEAVIES FOR SHRINERS.

After Burns, Langford and Jeannette for May.

Black Sam Very Anxious to Fight for McCarey.

Herrick's Record Shows that He Is a Live One.

BY J. ALEX. SLOAN.

The long-looked for invasion of Vernon by the heavyweights or light heavyweights is to take place early in May if Uncle Tom McCarey can land a pair of mixers who will meet with the approval of the Shriners. Uncle Tom has his eye on Tommy Burns, Sam Langford, Joe Jeannette and Jim Flynn and maybe two other promising heavyweights will be given an opportunity to come to Los Angeles.

The fight that most appeals to McCarey is the Burns-Langford battle and if these two noted ring specialists can come to terms, the Los Angeles pugilist followers will see them battling for supremacy in the Vernon arena.

Sam Langford once told me that he would sooner fight in Los Angeles than any city in the world and that he believed the square man he had ever dealt with was Uncle Tom McCarey.

Tommy Burns is not so friendly to the local promoter but he is getting to a point in the fight game where his feelings have got to be side-tracked to suit conditions and replenish his bank account.

Uncle Tom believes that Langford and Jeannette would make a great battle and everyone who knows this pair of darlings agrees with him. Jeannette has been raised high up in the pugilistic game for years and has fought several memorable battles.

A heavyweight fight would undoubtedly prove an attraction during the visit of the Shriners to Los Angeles and it would make very little difference what combination might be hit upon as long as it involved two of the above-mentioned fighters, unless it was Flynn and Langford.

Exit Ben Smith, fight trainer. Charlie Epton referee of the Pacific Athletic Club and one of the square ring bosses the game boasts of today, has declared open war on Smith and says that never again can he show himself in a ring in Los Angeles while he is dictating the Marquis of Queensberry policy.

Epton alleges that Smith has tried to put over a couple of raw deals on him while he was boxing contests and then rubbed it in after being caught with the goods on by denying that his work was other than fair and above board.

Smith has gone to San Francisco and when he returns to Los Angeles, Epton will be waiting for him with a saw and a couple of broad axes.

The controversy which followed the Kilbane-Attell fight at Vernon keeps smoldering after the manner of the temper in the teapot, which our old literary heavyweight champion, William Shakespeare, used to talk about.

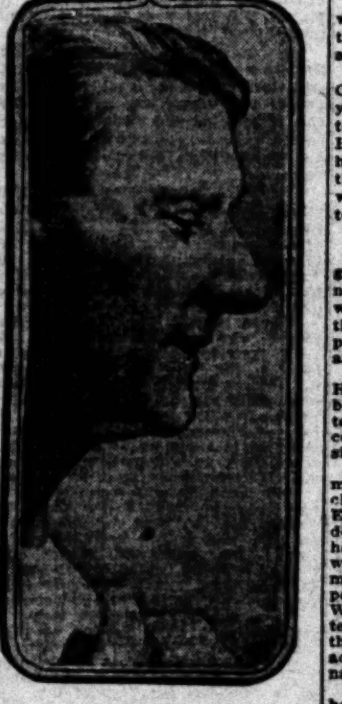

Epton's latest report today was that James J. Jeffries had phoned him that the report credited to him under a San Francisco date line was settled.

While James J. was talking to Epton, Abe Attell was handing out another round on the ring box, declaring that he had rendered his decision to suit the demands of the crowd last Thursday and not as a result of the comparative showing of himself and Kilbane.

Where the controversy will end remains to be seen. This much is true: The public has little interest in the outcome, as the fight is a thing of the past and so is the decision. What Attell, Jeffries and Wolcott now think doesn't matter any longer and the sooner the matter is dropped the better it will be for the ring sport.

Paul Roman, ex-Steepchase Jockey Kelly's protégé, who has inaugurated a session of training at Naud Junction to prepare himself for the

New Quarters.

## THIS IS MOVING DAY AT THE L. A. ATHLETIC CLUB.

BY DE WITT VAN COURT.

THE members of the Los Angeles Athletic Club are as happy as a lark today. They received the information that the expressmen will back their wagons up to the door this morning and start moving into the finest athletic club building in the world.

The members have been looking forward to this day for several years. It will take several weeks to get settled, but they are all glad to get into the new quarters.

When everything is in running order it will be the largest, best equipped and best-furnished club of its kind in existence.

The club has been occupying the present quarters for six years. There will, no doubt, be a rush to the fine gymnasium, swimming tank and

handball courts and, from the promises we have had from the members to get busy and exercise, the gymnasium will look more like a three-ring circus than anything else. All the instructors will have all they can attend to for some time to come.

The business men will turn out in force to take advantage of the noon-day class that has proved such a success ever since it was organized. There will be short and tall, thin and fat, but each and every one intends to take up some branch of athletics and become an amateur champion of some kind.

The club has about 3000 members at the present time and still coming. The formal opening of the club will take place some time in April.

About the middle of March they are to have a monster swimming tournament to raise funds to send a team to Stockholm.

Monty Waterbury.

## GREATEST POLO PLAYER IN THE WORLD IS HERE.

BY R. A. WYNNE.

J. MONTY WATERBURY, JR., a member of the world's champion polo team, captained by Harry Payne Whitney, which last year defeated the English champions, passed through Los Angeles last night, en route to Coronado, where he will participate in the polo tournament to begin Sunday afternoon.

Waterbury, who is one of the five men in America rated at nine goals, was accompanied by three friends, all of whom are said to be well-known polo players.

The party was en route from New York and came directly from Denver through Los Angeles to San Diego. They have not brought polo ponies with them, but it is understood that they will rent mounts from the ample stables of the Coronado Country Club.

John H. Hobbs, captain of the Coronado polo team received word yesterday that Waterbury was coming to participate in the tournament. Hobbs says that with Waterbury and his polo companions it is assured that an eastern team will be formed, which will participate in the events to be played next week at Coronado.

WATERBURY'S GREATEST PLAYER.

Waterbury is rated as one of the greatest polo players in the world, not the greatest. His work in the world's championship games was little short of phenomenal. His seat is perfect, and his judgment of direction and distance is well developed.

As Waterbury is a member of the Hurlingham Club of England he will be eligible to play on the English team in the tournament. It is this contingency to which the polo enthusiasts are looking forward.

It is conceded that Lord Tweedmouth and Lord Herbert are high-class players and the showing the English team has made in the Pasadena tournament has been a surprise. They have not been in keeping with what was expected of these two Englishmen. Individually they played superb games and with the addition of Waterbury as a member of their team they should be able to reverse their former defeats, and give a good account of themselves in the international matches.

Lord Tweedmouth and Lord Herbert are a trifle worried over the lack of success of their team, and they will welcome with open arms a player of the superb abilities of Waterbury. HARD-RIDING BARBARANS. Yesterday it became certain that

## HAP'S TIGERS SHOW SUNDAY.

Vernon Team to Contest in First Real Game.

Hogan Will Work Sullivan and Gray as Battery.

Hen Berry Signs Another Bush First Baseman.

BY GREY OLIVER.

Hap Hogan of the Vernon team is to show his real baseball club for the first time next Sunday afternoon at Washington Park, when he is scheduled to go against the strong Henry-Cornett club in an exhibition game. Hap naturally thinks he will win as he does in all of the games he goes into.

He figures that he will have a better club this season than he ever had before for he has two good ones in Dolly Gray and Catcher Jack Sullivan. Gray looks the part this year and being with a team that can win a game occasionally he is expected to show his best form. Dolly always was a star in this league and as he has kept himself in good condition this winter and is strong and healthy he thinks this will be his best year. He certainly looks good.

Sullivan of course is an unknown quantity for he has never shown in this league. He has a fine rep from the East but others of course have had that and fallen by the wayside. However, Sullivan has shown class in his few workouts here and the fans who have seen him in action say he should have a good year.

Hap will have his same old men in their same old positions. Patterson will be on first, Brashner on second, Burrell on third, Hop on short, Kane in left, Kane in center and Stinson in right field. Reams and McDonald are to play utility for this coming game. The batteries for the first three innings will be Gray and Sullivan; for the next three, Hales and Sullivan; and for the final three, Cummings and Hogan.

The regular training season for both the Los Angeles and Vernon teams is to begin next Monday morning at Washington Park and all of the men of each team now in the State are expected to report at that time. The Los Angeles team is to practice in the morning and the Vernon club in the afternoon. Each team will probably show about twenty men on the field. Six or seven men on each team have asked permission to report the latter part of next week and so it is up to each team to report April 3 in good condition. It is really none of the business of either Manager Berry or Hogan.

A big bunch of local ball players was out at Washington Park yesterday morning for practice but each man was there on his own initiative. The regular training season is not to begin until next Monday and none of them are obliged to report until then. Stinson, McDonnell, Sullivan, Kane, Patterson, Dillen, Daley, Burrell, Reams, Hales, Hogan, Nagle and Cooney were out in uniform and throw the ball around for several hours.

That Sullivan catcher of the Vernon team looks like the goods. He is a steady fellow with a good arm and owing to his experience should be invaluable for wild pitchers or weak ones. McDonnell showed up fine for he has played one game of indoor ball this winter and thinks he is ready. Hogan of course was there as he always is. Nagle has taken about twenty pounds and says he never felt better in his life. If he has his old control with his present strength he should be some pitcher this year for Berry.

Berry got another first baseman yesterday by the name of Myers, but he does not know anything about his ability, further than the fact that he was recommended by Garry Herrman and John Bruce of the National Commission. Myers is said to live in

(Continued on Second Page.)

## HOPPE WINS EASY GAME FROM CLINE.

BY A. P. NIGHT WIRE TO THE TIMES.

PHILADELPHIA, Feb. 27.—While Hoppe continued his good work at 15.1 balk line billiards here today in the second installment of his 3000 point match with Harry Cline, Hoppe scored his 400 points in sixteen innings, while Cline was totaling 264.

Hoppe scored a high run of 122 points, and closed with an average of 25, while Cline managed to score a high run of 95 points, an average of 16.5.

Monty Waterbury.

## SUNDAY'S GREAT GAME.

Chief interest of the match centers in the first game Sunday, between the Pasadena and Burlingame teams. This will decide the championship of California, with the Santa Barbara and Coronado teams as close contenders.

The fact that Walter Hobart of the Burlingame team will not play in the matches makes the chances for the Pasadena organization winning much brighter. Hobart is rated by the Polo Association as a six-goal man, and these men are very few in California, or even in the entire United States. Tom Weiss of the Pasadena team is a six-goal man, but this year he objected to this handicap and had it reduced to five goals.

Lord Tweedmouth is a six-goal man in England and a five-goal man in America. Maj. Colin Ross is also a five-goal man.

It is understood that there will be no handicap matches arranged, but at that all events will be played on the basis of free-for-all.

Match for Tremell.

ST. LOUIS, Feb. 27.—[By A. P. Night Wire.] Grover Hayes and Harry Trendall will fight before the St. Louis A. C. March 11. They will weigh 133 pounds at 3 o'clock.

Monty Waterbury.

A member of the world's champion polo team of the Meadowbrook Club, who passed through Los Angeles last night en route to Coronado to participate in next week's tournament.

Monty Waterbury, A member of the world's champion polo team of the Meadowbrook Club, who passed through Los Angeles last night en route to Coronado to participate in next week's tournament.

Both Hopeful.

STANFORD TO  
BATTLE U.S.C.Big Track Meet Scheduled  
for Next Saturday.Northerners Figure to Win  
on Past Performances.Local Men Working Hard  
for Big Events.

BY OWEN R. BIRD.

The clash between Stanford and the University of Southern California, which will take place next Saturday afternoon on Bowd Field, is rapidly assuming the proportions of a stirring meet; not from the fact that the southern university has a chance to walk over the North, but from the fact that nearly all the races should be hard-fought affairs, while the records held by some of the Stanford men in the field events mark them as the best produced for some time in the Bay City region.

The situation is that the northern university has early lead in the field events and in the track events, has an even break. The northern Cards are very strong in the 100 and 220 and here should be seen some of the best competition of the meet, when McKee and Coleman of Stanford run against Waldo Throp of the South.

## SPRINTS GOOD.

The two northerners have been clipping out the century near ten flat, while Coleman has done the furlong event in 22 1-2 seconds. Now Throp has not beaten one-on-one yet this season, but then he has not been up against any class of his own caliber. He seems to have had the speed in his back pocket this season, but has not brought it to the surface so far. We will see Saturday who is the best man, Throp or Tym Coleman.

For the first time in many years the Stanford alumni of Southern California are evincing a great deal of interest in a southern track meet. Edwood Albert and B. C. Oliver, both prominent men in the past among the ranks of the Palo Alto campus, are taking up the matter and when the Stanford men come on the field they will be greeted by the old battle cry from about 300 veterans in the bleachers, who are out to see what the rising generation can do for the alma mater.

## THE U.S.C. DOPE.

Now for a few lines of U.S.C. dope. The local men have a chance to win two firsts in the sprints, if Throp is right. There is not much chance in the 100, unless Linton Smith comes out as a hope, but the mile and two-mile are a little better in the way of finishing hopes. Here Torrance and Swiggett will form a hard team to beat in the eight-lap event, while in the mile Linton Smith and Torrance should make another combination that should be sure of winning a few of the nine points for that race. Smith was out of condition in the meet with Occidental, but is training hard this week for the go with the Stanford men and should give a great account of himself.

## SWIGGETT AGAIN.

Swiggett is good for ten-lap in the two-mile easy and with the Stanford men cutting out the ten-seventeen stuff for this race, the going should be good from the first lap to the last circle. Swiggett has a great finish and nobody knows just how fast he can run under pressure, but he is likely to have a chance to show his ability next Saturday.

In the 440 Hodge will have to fight it out with Taylor and Millap for a place and he will be lucky to get in the running for the second ribbon. In the hurdles, Fred Kelly, the freshman phenom, is the one hope of the Trojans. He has been doing fifteen-four and not working hard at that and under the strain of close competition, he may cut a couple of fifties from this mark. In the 320 hurdles he has all the speed in the world, but will have to jump himself to beat Kern and Campbell of Stanford, but there is good possibility of his turning the trick in one or the other of the events.

The relay seems to be all Stanford at the present reading of the minutes, but you can never tell what these Trojans will do when there is a call issued for men of the hour. The following line of dope will give a few ideas on who is who and why on the Stanford team:

## STANFORD STARS.

High-grade performances have been made in every event, in the preliminary home meets and the men who go south Thursday will be the pick of the entire squad, which includes nearly 200 men.

The men again came through in the style in the try-out Saturday. Miller, '11, the pole vaulter, cleared 22 feet. It was his first trip over the bar at the even mark. Stanford's traditional excellence in the high jump bids fair to continue for a few years yet, as Miller has another season of competition before him. Horine did 6 ft. 2 1-2 in. in the high jump and Timmy cleared 6 ft. 4 in. Alderman tossed the hammer 152 ft. 3 1/2 in.

Capt. Coleman, '12, polished off the furlong dash in 22 1-2. With Coleman, McKee and Campbell running the century in less than 10 1-2, Stanford will be strongly represented in the sprints.

## THIRTEEN MEN READY.

Only thirteen men will go south and it is probable that not all of the star performers will be able to be included. Only those whom "Dad" Moulton thinks is the best performer in his respective event will be included. If two men are of about equal ability in any event, then versatility will become a factor. The best performances that have been made here in competition this season follow. It is probable that most of these men will compete in the U.S.C. meet:

## EVENTS CARDED.

The order of events and entries for the same are as follows: Mile run—Stanford, Murray; U. S. C., L. Smith, Torrance, Fitzpatrick, McKee, Lee.

The 100-yard dash—Stanford, Coleman, McKee, Campbell; U. S. C., Throp, Hodge.

The 120-yard high hurdles—Stanford, Kern, Campbell; U. S. C., Kelly, Phillips, Taylor.

The 440-yard dash—Stanford, Miller.

san, Taylor; U.S.C., Hodge, Davis.

The 220-yard dash—Stanford, Coleman, McKee; U.S.C., Throp, Hansen, Kelly, Cookman.

The 320-yard low hurdles—Stanford, Kern, Campbell; U.S.C., Kelly, Watson, Freeman.

The 350-yard run—Stanford, Bonnett, Murray, Taylor; U.S.C., Smith, Tipson, Woods, Murphy, Torrance, McKee.

Two mile run—Stanford, Dodge; U. S. C., Torrance, Swiggett, Crocker, McKee.

Mile relay, four men on a team—Stanford, Coleman, Taylor, Millap, Campbell; U.S.C., Davis, Englehardt, Hansen, Tipson.

Hammer throw—Stanford, Woolley, Alderman; U.S.C., Durkee, Kelly, Clement.

Pole vault—Stanford, Miller, Horine; U.S.C., Griffin, Watkins, Cookman, Townsend, Eettinger.

High jump—Stanford, Horine, Finney; U.S.C., Chaffee, Watkins. Shot put—Stanford, Woolley, Alderman; U.S.C., Durkee, Kelly, Clement, Locke.

Broad jump—Stanford, Morrison; U.S.C., Earl, Freeman, Gower. Discus throw—Stanford, Woolley, Alderman; U.S.C., Kelly, Bardway, Durkee, Schultz.

## The Cardinal.

STANFORD HAS  
CHOSEN MENWHO WILL MEET U.S.C. ATHLETES  
ON TRACK HERE.

The Team Will Be Well Balanced—There Will Be Three Sprinters Who Are All Good for 10-1-5 Seconds—Star Hammer Thrower Is Coming.

(BY DIRECT WIRE TO THE TIMES.)

STANFORD UNIVERSITY, Feb. 27.—[Exclusive Dispatch.] The fourteen men who are to represent Stanford in the track meet with U.S.C. at Bowd Field Saturday were chosen today.

In the sprints Tom Coleman ('12), McKee ('14) and Campbell ('13) are to compete. Campbell is to run in the low hurdles, so will not participate in the furlong dash.

Millap ('12) of Pasadena and "Pop" Taylor are to run in the quarter-mile dash. Both men easily are good for 52s. Freshman Bonnett of Riverside will represent Stanford in the half-mile. Murray ('13) will run the mile. Dodge ('13) of Los Angeles will compete in the two miles. Campbell and Kern ('13) of Pasadena will run the hurdles. Horine ('13) and Finney ('13) are to compete in the broad jump. Miller ('13) will practice at U.S.C.

## His Friends Hint.

BRALY MAY GO AFTER  
TENNIS CHAMPIONSHIP.

THAT Hal Braly is preparing himself for a tennis campaign throughout the East during the coming summer months in the opinion of the majority of the tennis fans of Southern California.

Braly's great showing when he forced Maurice McLoughlin, the San Francisco crack player, to extend himself to his limit at the Long Beach games brought out his present excellent form. The first set with

McLoughlin went to 12-11 before it was decided. Braly's form was almost perfect and had he possessed a little more confidence, he would have taken the match.

The friends of Braly have known for some time that he had great ability on the courts, but as he only took a casual interest in the tournaments held throughout Southern California, he was never figured in the championship discussions.

Braly is the ideal tennis player. He has the height, agility and tremendous strength, which will give him the lasting power to go through the all-comers tournament at Newport, and still be strong for the championship round.

For the last year he has been practicing with Thomas C. Bundy, who, year before last, won the all-comers tournament at Newport. Bundy has taught Braly every stroke and as a result during the recent practice games Braly has defeated the famous Bundy, will again make an invasion of the eastern tournaments the coming summer. He has not announced his intention as yet, but his close friends understand that he is through with the "big game" and that his business duties are demanding his time.

Stanford Athlete.

Who will be seen in action Saturday against U.S.C.

will pole vault, and Alderman ('12) will put the shot and throw the hammer.

Woolley ('12), the best shotputter, will be unable to make the trip, as his classroom work is very heavy. Gard ('15) of Glendora may be added at the last minute to bolster up the middle distances.

The team that meets U.S.C. will be very well balanced. The three sprinters are good for 10-1-5s. Coleman has done 22 1-2 in the furlong this season and 10-flat in the 100. Millap and Taylor can run the quarter in 51s if pressed. Bonnett's record in the half is 3m. 4s. Gard has done better, but not this season. Murray has run the mile in 1m. 35s, and Dodge trots the two miles in 16m. 17s.

Kern has been climbing the high barriers in 16-2-5s, and Campbell has been topping the low sticks in 25-4-5s. Horine high jumps 4ft. 2m. or better, and Finney is good for 4ft. Miller vaults 12ft. Alderman throws the hammer over 150ft. and puts the shot 40ft. Morrison is good for 22ft. In the broad jump

The men will leave here Thursday night. They will be accompanied by Trainer Houston and Manager Burbank. Friday afternoon the men will practice at U.S.C.

Occidental Will Make Ball Games Next Week Leading Events of Its Diamond Season—Prep School Students to Be Guests—Stanford Alumni Boosting.

(Special Correspondence of The Times.)

STANFORD UNIVERSITY, Feb. 26.—Stanford is to send its strongest baseball team south next week to meet Occidental in the two games that have been arranged for March 8 and 9. Manager Burbank announces that under his contract with the Tigers, Stanford will not be permitted to play any other games on the trip. This means that it is very unlikely that the Cardinal nine will again appear in Los Angeles this year.

President Baer intends to invite the high school students of Southern California to attend the games and has called on the Stanford alumni in Los Angeles to assist in making the contests a success.

The personnel of the Stanford nine that will invade the Highland Park grounds will not be announced until the day the team leaves here. There are about twenty men who are leading in the competition for places on the team and so far this season the line-ups have varied greatly from game to game.

Saturday the "varity trouped" Freshers' All Stars 7 to 1. "Mysterious Mitchell," who created a sensation in the Coast League last year, has come down to four hits. Don, another freshman, was behind the bat. He seems to be leading in the fight for the mask job.

Capt. Glavin, '12, of Los Angeles, is playing third base, the berth left vacant by the failure of Stan Mitchell to return to college.

Glavin pitched, but with Couch, Howe, '15, Jones, '11 and Enderle, '12, the mound department is well filled.

Louis Case, '12, of Los Angeles, and "Zeb" Terry, '14, of Los Angeles, are playing first base at second base and shortstop, respectively, which positions they held last year. Henshaw, '12, of Downey, a fielder last year, and who is being tried out at first base and behind the bat this year, is temporarily out of the game on account of a slight injury. Ohear, center fielder two years ago, is playing at the initial camp. Glavin, '14, who was formerly a pitcher at Los Angeles High, is showing up well in left field. Becker, right fielder last year, seems again to have the berth clinched, and Noble, a transfer from Occidental, is being played frequently in center field. He undoubtedly has the job landed.

The Los Angeles team now has four first basemen in Dillon, Myers, Walk and Conney and the chances are that one or two others will bob up before the playing season begins. Conney seems to be a good one and if he can bat he should be able to stick on the team.

The Co. A indoor baseball team intends to make a gala day of it when the Vernon club plays its first game of the season. The soldier boys are to turn out on mass and roof for Vernon, in consideration of the fact that Vernon played them an indoor game last week.

George Stovall, the Cleveland ball player who was traded to the St. Louis Americans, is to leave here tomorrow for "the East," as he calls it. Stovall would like very much to play with the Chicago Cubs and if he can get his release he will. He refused absolutely yesterday to state what he intended to do but it is surmised that he will attempt to secure an outright release from St. Louis.

Chance is scheduled to leave for New Orleans next Sunday to look over the Cubs who are to reach the mainland grounds about that time. Frank apparently knows less about what Murphy has been doing this winter than anyone but it goes without saying that he has heard of every move that Murphy has made. The Indian first basemen from Riverside is to go next week. Chance thinks this busher is worth a trial and intends to look him over at least.

San Francisco team to St. Louis, has started for the East on telegraphic request. As he has been ordered to report this evidently means that Stovall is to be traded or released by St. Louis and it may be possible that George will get to Chicago after all.

INDOOR BATTLE  
NEXT SATURDAY.CO. A AND U.S.C. TO PLAY INDOOR  
BASEBALL.

Soldier Boys Expect to Have Easy Time With College Boys—Foss Is to Play With the Students—Abbot Is Slated to Pitch Again for Champs, and Says He Will Win.

The most novel indoor baseball game ever staged in the State will take place on the Armory floor, next Saturday night, when the U.S.C. varsity boys tangle with the soldier lads of company A. State champions for two seasons.

This will be the first time that a college team has entered the ring and taken up arms against the lovers of the national pastime, and the outcome of the contest is being awaited with much interest by the soldiers and the college men alike.

The sports favor "A" company, but as there are several expert handlers of the ball on the Cardinal sheet, the citizen warriors will not have an easy time of it. Motts Blair, who has starred for the champions the past two seasons, will not wear his military gray, but will be seen in attire of the U.S.C. style. John Lynch is another stellar attraction in the indoor ball. This future D.D.S. played with the Portland Army Leave all last summer, and is rated as one of the best players ever seen in the northern city.

"Tubby" Foss, all-round college man and athletic whiz, will be seen on the polished floor, taking the second sack, and from the debut he showed up in his eastern day, an indoor game will be pie for this one. Coach Burrell will be at the third landing and should be a great attraction, as well as a great assistance to his team. While at college, the little "tiger" was an indoor shark, and in the company "A" Vernon game, last Tuesday, Len pulled more applause than even "Hap" Hogan.

Coming as it does at the end of two successful seasons, the militia array is in the best of trim and will put up a good game. With thirty-six victories to their credit, the line-up posted by Manager "Bud" Ross will go after the number of the college men in the "Fighting Seventh" manner, and if the score fails to favor their rosters, it will not be on account of poor playing, but the varsity boys' better brand of ball.

The wonderful battery of the soldier team is in better form than ever before and the infield is keyed for big league stunts on the night of the game. The loss of Blair to the Cards will not be as keenly felt as in a league game. Al Waddell will play in the outfield.

The teams will line up as follows in the first skirmish:

U.S.C. A, 7th Reg. Maddock, c. Joe Waddell, c. Black, p. Abbott, p. Bepom, 1st. Simon (Capt.) is Wright, 1st. Freling, 3rd. Lynch, 2d. Ingalls, rf. Decker, 3rd. Umsted, 2nd. Al Waddell, lf. Critchley, rf. Stone, 3rd. Burrell, 3rd. Goldsborough, ra. Umpires—Muller and Riley.

## Mean Business.

STANFORD-OXY  
GAMES LOOM UP.CARDINAL TO SEND STRONG  
NINE SOUTH.

Occidental Will Make Ball Games Next Week Leading Events of Its Diamond Season—Prep School Students to Be Guests—Stanford Alumni Boosting.

## "Times" Track Meet Promises to be Record Breaker.

### BOY ATHLETES FROM FOUR CITY SCHOOLS TO COMPETE.

Greatest Grammar School Track Meet Ever Held in Los Angeles Will Be Held on St. Vincent's Field on Saturday Next—Prizes Will Be Vacations at Catalina "Times" Camp.

ST. VINCENT'S FIELD will be the scene of the greatest grammar school track meet ever held in the city of Los Angeles when the boys of four big city schools get together next Saturday morning to compete for the prizes offered by The Times. The winners of the meet will be given a vacation at the Catalina "Times" Camp.

This will not be a district meet, but the first of the home meets for which a prize is offered to the boy winning the highest number of points in each event. Prize ribbons will be awarded to the place winners in every event and from the way the boys are hitting the contract makers to the entry list, there will be close to 600 young men seen in action on the same track at the same time.

This is the first time that such a meet has ever been adopted, but the success of The Times Camp series has given proof of the ability of the manager to handle athletes and athletic events. There will be four district meets conducted at the same time.

There will be no inter-school competition as the races are for individual honors alone. The boy from each school who wins the highest number of points will be declared the winner of the home meet and will go to the Times Camp for a period of ten days some time next summer.

All expenses paid by The Times, Los Angeles and return.

The first of the home meets of June 1 will be a twelve-day trip to the camp, awarded the winner of first and second place in each of the events. The boys who enter the home meet will not be barred from the city meet, even if they fail to win. The idea of The Times is to get every boy in every school interested in athletics and there is no age limit, entry fee or restriction required.

#### THE BOY ATHLETES.

Monday morning every boy athlete in the city of Los Angeles will be in the city of Los Angeles when the boys of four big city schools get together next Saturday morning to compete for the prizes offered by The Times. The winners of the meet will be given a vacation at the Catalina "Times" Camp.

This will not be a district meet, but the first of the home meets for which a prize is offered to the boy winning the highest number of points in each event. ### SHRINERS WANT HEAVIES.

(Continued from First Page.)

battle with Dick Wheeler, former sparring partner of Freddie Welsh, is rounding to in great form and he says there will be no controversy over the decision after it has been rendered by the referee.

Jack Herrick, who meets Bert Fagan in the ring at Vernon on Saturday, has been fighting but two years, but in the pair of cycles he has accomplished much.

Harry Ottmore talks of Herrick as the coming sensation of the ring and to convince the public that at least part of his mutterings are true he invites the Los Angeles fight followers to sojourn in the region of Jack Doyle's fight camp today, where a double bill of training stunts will be staged.

Jack White, who will meet Mexican Joe Rivers on March 16, and Herrick will both show their class in sparring matches with their training partners.

Herrick has a good record in the short time he has been in the ring. It is as follows:

July 2-Kid Abo, draw, 15 rounds, Whittier, Cal.  
Oct. 2-Jack Dillon, draw, 15 rounds, Whittier, Cal.  
Nov. 12-Jack Dillon, draw, 15 rounds, Whittier, Cal.  
Jan. 4-William Lane, no decision, 5 rounds, Whittier, Cal.  
April 1-Jack Dillon, win, 4 rounds, Pittsburgh, Pa.  
April 15-Jack Dillon, win, 4 rounds, Pittsburgh, Pa.  
May 2-Frank Marshall, draw, 15 rounds, Des Moines, Ia.  
May 12-Tom McHugh, win, foot, 15 rounds, Des Moines, Ia.  
May 20-Jack Dillon, no decision, 15 rounds, Des Moines, Ia.  
Sept. 11-Steve McGeehan, win, 15 rounds, Des Moines, Ia.  
Oct. 2-Jack Dillon, no decision, 15 rounds, Des Moines, Ia.  
Nov. 2-Peddie Hobb, knockout, 1 rounds, Whittier, Cal.  
Dec. 1-Steve McGeehan, no decision, 15 rounds, Des Moines, Ia.  
Jan. 11-Steve McGeehan, win, 15 rounds, Des Moines, Ia.

### EASTERLY TO GO EAST ON TUESDAY.

Ted Easterly, formerly catcher for the Los Angeles team, who has been with the Cleveland Americans for several years, is in town again and intends to return East again next Tuesday. He will travel with Bert Whaling to New Orleans, where the Naps are to train.

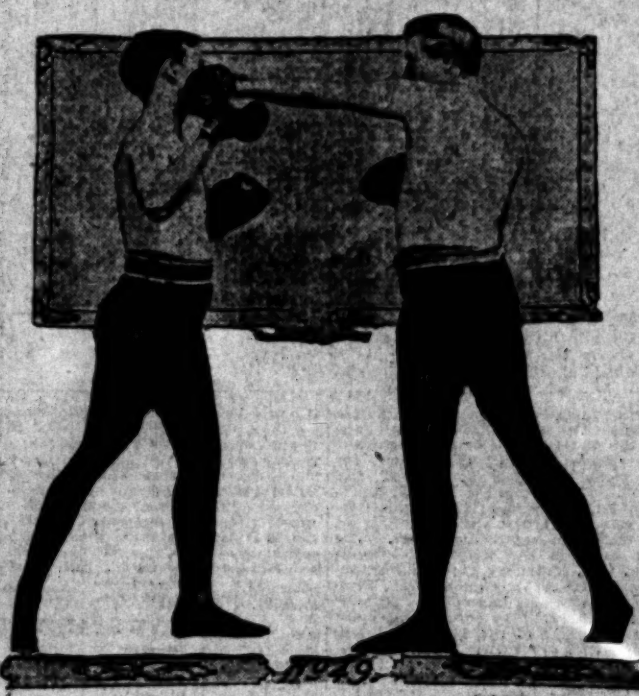

For three months Easterly has been in Old Mexico with his friend, Jimmie Dean, the Cleveland mascot of 1909-10, who is to play this year with McCredie's Portland Northwest team. Before they go they are to play at San Bernardino next Sunday when the Urtia Stars are to meet the Los Angeles Brewery club. George and Jess Stovall will also play with the brewers.

Last year Easterly started in the outfield for Cleveland and in the middle of the season, when the Cleveland catchers began to go bad, he was switched in behind the bat. He hit .324 as compared with .329 in 1910, which shows why Cleveland wants to keep him.

Jack Herrick, the middleweight, who will fight Bert Fagan on Saturday.

### Van Court's Boxing Lesson.

Guard for a Cross-counter. Lead in the usual way, a left-hand at the head with the palm down; raise the left elbow a little and duck to the right, which will prevent your opponent from hitting you on the chin. When you get away, keep the left arm up until you get out of reach. When the trick is tried on yourself, use the right-hand body counter instead of the cross-counter. This is also a very safe thing to do when boxing with a strange opponent, until you have him gauged right.

### DEWITT VAN COURT'S COLUMN.

Bert Fagan, who is matched to fight Jack Herrick next Saturday, is working hard out at the St. Ignace Club. Yesterday afternoon he did the usual gymnasium work, then boxed a couple of rounds each with Jimmy Manning, Solly Burns and Willie Fairbanks. Fagan is a fast middleweight with a good punch in each hand. He also sees a fast shift that is one of the best I have seen since Stanley Ketchel was fighting. Fagan did not look to be quite right, as far as condition should be, but will no doubt round into good shape by next Saturday.

Louis Reas is also training at the same club and looks better than I have ever seen him. He is also boxing better than ever. He went three rounds with Battling Chio and did a little gymnasium work. From what I have seen of Tommy Kilbane, this will be a good fight. He and Tommy are about the same height, but I believe that Tommy is a little better hitter.

Steve Corrolo, who has charge of Joe Meyers, says that Joe has about fully recovered the use of his broken hand and is going after some of these lightweights. Meyers proved that he is a good boy when he fought Jimmy Gilpin and will make any of them hustle. He is fast and a fine hitter. Corrolo thinks so well of him that he wants to match Meyers with Harlan Tommy Murphy, provided Murphy beats Abe Attell next month. Steve will bet Murphy or anyone else \$500 that he can beat Tommy. Corrolo is a good judge of a fighter and intends to take Meyers right up to the top if it is in him.

Joe Rivers will hike to Venice tomorrow to start training for his fight with Jack White. Joe will have Willie Rooney as his trainer and Joe Levy will go down and start things going the first day, then come back and look after Bert Fagan, whom Joe thinks will some day be the champion of the middleweight class. If Levy has as good luck with Fagan as he has

had with Rivers, he will come very near delivering the goods. Levy says that he is going to keep after Fagan and improve him in his boxing as much as possible and will have him box a lot with Rivers.

Levy is confident that Rivers will be declared the winner when he and White meet, but will take no chances and see that Rivers is in better condition than he ever was.

Battling Chio is working like a little Trojan for his preliminary contest with Young Hernandez. Chio is faster than ever and goes into his training partners as if his life depended upon it. They are to open the show next Saturday at Vernon.

Demetrial, the big Greek wrestler who threw two men last Sunday night at Billy Elmer's gymnasium, says that the only men between him and the championship are Frank Gotch, Westergard, a few other Greeks and a few Turks. If that is all, it should be an easy task for him, after throwing a couple of fourth-rate men. I am afraid he would think that he had run up against the whole Greek army if he ever hooks up with Gotch.

# TELLS TEACHERS OF NEW SCHOOLS

Supt. Francis Before Leading Educators at St. Louis.

Convention Applauds Plans for Reorganization.

Able Exposition of the New Child-Training System.

In an address delivered yesterday before the Department of Superintendence of the National Education Association, which is now holding its annual convention at St. Louis, Superintendent John H. Francis presented a complete outline of the plan which he has evolved for the reorganization of the public schools of this city. Many of the features of the plan presented the educational problem in such a new light as to provoke the greatest interest of the delegates, representing all the great educational centers of the country, and Superintendent Francis was warmly applauded at frequent intervals in the exposition of his plan.

The superintendent first briefly outlined the mechanics of the plan—one to two years in kindergarten, six years in the elementary, three years in the newly-created intermediate, which is planned to take the place of much of the present high school, and five years in the enlarged high school, taking up Junior University work. In this connection he commented upon the supplementary departments intended to supply other needed elements in the development of the child—trade schools, continuation schools, before and after regular sessions, vacation schools, night and special schools for special classes of pupils, ungraded schools and social centers.

Continuing, Mr. Francis said in part:

## WORK HERE.

"According to the topic called for on the program, this paper should concern itself principally with the junior high school, which covers the work of the seventh, eighth and ninth grades.

"At present we have five such schools in Los Angeles, enrolling approximately 3660 pupils. We expect to increase this number until the majority of the pupils of these grades shall be accommodated in schools of this character.

"Four of our intermediate schools are five months old and one has been a year's experience. These uniform courses are offered in each of them; a general course, a commercial course and an elementary industrial course. These courses are planned with two classes of pupils in mind. Those intending to enter the high school, and those electing to leave school at the end of the ninth year. Both are given full tenth-year standing in the high school.

"In attempting to plan work for these, we also concern ourselves with the individual independent of what he intends to do or where to go. This, of course, is the age-old problem and the fundamentally important one, likewise the one most poorly solved.

"In the seventh year one option and in the eighth and ninth years two options are allowed out of a group of six or seven studies.

"MANY ADVANTAGES.

"It might be legitimately asked how the intermediate school can improve upon the grade schools. The reply must be qualified, but a specialist who is supposed to think more deeply on his particular subject must be conceded to be better prepared to lead his pupils to do the same.

"I do not hesitate in the belief that under a well-organized system of intermediate schools children will finish the ninth grade at least a year ahead in development, possession of knowledge and the power to acquire it, of the ninth-year pupil under the present plan.

"[Applause.]

"Student-government and other student activities should be organized in the intermediate school to offer opportunity and encouragement for the giving of self to legitimate and worthy cause. Our young people must be taught that it is more blessed to give than to receive.

"Too much is being attempted for the child, too little by him.

"Too many safeguards and restraints, too much protection, advice and guidance will not result in a race of men and women with the mettle of our fathers and mothers. They developed the real stuff within them through early rearing the responsibilities of life and playing their part in the game.

"Somewhere below the university and below the high school we must lead the individual to recognize the fact that the world owes him just what he is worth to the world and he owes himself just what he is worth to himself.

"The intermediate school offers opportunity to secure men teachers for his pupils. As this convention composed largely of men, I leave it to you to pass upon the merits of the proposition. It should be noted, however, that the plan does not exclude women teachers, and while teaching is not a sex problem it will be conceded that as long as men and women differ in their experiences, the sex problem should come in contact with both the masculine and feminine viewpoint. This is necessary to insure the mental balance of the individual pupil.

"WIDE SCOPE.

"The intermediate school in the next decade will be doing for the boy and girl not going to high school, as the high school is now doing for the boy and girl not going to college. It will then surpass the high school in importance because of numbers benefited.

"[Applause.]

"The high school in its efforts to care for the boy and girl not going to college has increased the number of college students many fold. So will the intermediate school increase the high school enrollment.

"The intermediate school assumes its true significance only when considered in connection with the extended high school. With but six years given to the mastery of the arts and the remaining eight years to the development of the individual and his preparation either for junior college work or for a definite vocation in life, our system of education opens up tremendous opportunities and possibilities for the school children of the country and will make returns out of all proportion to the additional cost necessary to operate it." [Applause.]

Only One "Bromo Quinine." That is Lakative Bromo Quinine. Look for the signature of E. W. Grove. Drive the world over to cure a cold in one day.

## ACCIDENT, SAYS CORONER.

Official Investigation of Double Tragedy at Ivy Station Results in Verdict Clearing Dudley of Intent. After listening for an hour to testimony given by eight witnesses in the case of Mr. and Mrs. Horace Dudley, who were killed by a collision with a Pacific Electric car at Ivy Station Sunday afternoon, the Coroner's jury yesterday afternoon returned a verdict of accidental death. The testimony in the case was somewhat conflicting but most of the evidence pointed to the fact that Dudley must have seen the car a few seconds before the accident, as he had veered his motorcycle in an apparent endeavor to cross the track. The remains of Dudley, who was 27, and of his wife, who was 27 years old, now lie side by side in the morgue at Pierce Brothers' undertaking parlor. The faces are badly torn but the woman's is fixed in a smile, as though death had been unforeseen. The couple leave four sons who live at No. 427 West Ninth street. Funeral arrangements have not been made.

## LOST, STRAYED AND STOLEN.

Sundry Articles Make Exit in Manner Discomforting to Owners, Who Notify Police.

Fred A. Kilborne, No. 297 South Vermont avenue, did not make a proposed trip to Seattle because he lost his steamers tickets. He reported to the detectives yesterday that he dropped his pocket book in the street. It contained the tickets and \$50 in cash.

During the progress of a fire at Seventh and Alvarado streets last Friday, A. Gansert reports some one entered his house at No. 127 Alvarado street, and stole a quantity of silverware and other articles of value. The thief who entered the residence of Mrs. B. Bunnell, No. 127 West Ninth street forced open a trunk and stole a gold watch.

R. Rosenberg, No. 448 South Hill street, has asked the detectives to recover a watch and tan overcoat stolen from his room.

Count 'Em Again.

DON'T WE GET MANY PACKAGES?

NO PARCELS POST FOR US, SAYS POSTMASTER-GENERAL.

Business in Large Pieces of Mail from Foreign Countries Does Not Justify It, According to Department Head, but Some Concessions Are Secured, Anyway.

Los Angeles merchants and others interested in the establishment of a parcels post exchange will be disappointed to learn that the postmaster-general has decided against it.

C. W. Pendleton, collector of the port, received word yesterday from the United States Treasury Department that his request for the establishment of such an exchange in Los Angeles would be denied for the present.

The reason for the lack of action on the part of the Treasury Department is the postmaster-general's statement to the effect that an investigation shows the number of parcels destined for Los Angeles does not warrant the expenditure of money for foreign postal administrations concerned to make up parcels post mails addressed to the Los Angeles office.

The record shows that for one month eighty-two packages were made up for Los Angeles from countries other than Germany and that eighty-eight were received from Germany alone. Nine parcels were received within the month from each of the nine countries comprised within the parcels post agreement.

Despite the failure of Collector Pendleton to secure the establishment of a parcels post exchange in Los Angeles, the local merchants have secured concessions as a result of agitation of this official. By order of the Postoffice Department, Germany has been requested to cause parcels addressed to Los Angeles to be included hereafter in the parcels mails addressed to San Francisco. Instead of being "worked" in New York; re-ward instructions have also been issued with the view of expediting to the fullest extent practical the handling and forwarding of the parcels which are contained in the parcels mails addressed to the New York office. This will mean an increase in the speed of handling the imported parcels, which is a matter of great importance to the authorities in New York, and that will be a distinct advantage.

Efforts to secure the establishment of the parcels exchange in Los Angeles will be renewed but it is not likely that anything looking toward complete success will be accomplished until the opening of the Panama Canal for traffic, when the increase of business in imported packages will warrant placing Los Angeles in the class now exclusively occupied on the Pacific Coast by San Francisco and Seattle.

## KNOCKED DOWN AND HELD UP.

Things Brutally Treat Victims Before Frisking Them for Small Change.

There were only two hold-ups in Los Angeles Monday night, according to reports made to detective headquarters yesterday. In both instances considerable force was used by the thugs.

Joseph Donovan, 24 years old, who lives at the I. L. L. rooming-house, was taken to the Receiving Hospital with a cut on his head.

"Two men did it," said Donovan. "I was walking along Los Angeles street between First and Second streets, when they held me up after knocking me down."

H. Sweater, who lives at No. 510 Mexican street, said: "Mexican men knocked him senseless while he was walking along Amelia street. He only had a few dimes in his pockets at the time."

## CATCH ALLEGED CONTRABANDS.

Chinese Inspectors Miller, Morse, Bernard and Conaty yesterday made a descent upon the Pekin Cafe, on South Main street, conducted by George Lim, whose Chinese contraband in Lim Teung. They captured three other members of the Lim family—Lim Goo, Lim Lin and Lim Shee. The proprietor of the cafe has been before the immigration authorities before and this round-up makes five Chinese, alleged to be laborers, who have been picked up there. Lim Goo is the chop suey cook at the Pekin. Deportation proceedings will be begun.

## MOVEMENT BEGINS FRIDAY.

All the railroads leading to California are making preparations for a

# ACCEPT FREEDOM WITH PROTESTS.

AUTOISTS SHOW SPIRIT FOR ARREST ON TECHNICALITY.

Eighty-two Men, Women and Youths, Alleged to Have Cut Corners Are Summoned to the Police Station, but Not Prosecuted. Warning for the Future.

Ninety-two men, women and youths riding in and driving autos and motorcycles, were arrested Sunday and Monday for traffic ordinance violations at the intersections of Avenue 20 and North Main street and North Broadway.

Only ten were prosecuted in the police courts yesterday morning. Their machines either did not have tail lights or signal horns. The other eighty-two, charged with "cutting corners," were not prosecuted. Chief Sebastian suggested to the City Prosecutor's office that no complaints be issued.

"The arrests were made by Patrolmen Cahill, Krepn, Neidham and Zimmer. They were working under the orders of Capt. Lehnhausen of the East Side Station. He said yesterday the corners in question have been the scenes of distressing accidents.

At the Chief's suggestion the statement was made that some of the out-of-town autoists had protested to him against the arrest, asserting they had not "cut corners." Some of the protesters are well-to-do and live at Pasadena, South Pasadena, Riverside and other suburban towns. Rather than prosecute persons who said they were innocent, the Chief decided not to prosecute any.

"The charge is a technical one," added the Chief. "I think the proper thing to have done was to have warned the men and women a warning and let them go, but prosecute them the next time. No discretion was shown in making so many arrests at one time."

About fifty of the men and women appeared at the Central Police Station about 9 o'clock yesterday morning and were assembled in the hall on the second floor. Capt. Lehnhausen and his four patrolmen took a position on the north side of the hall and called out the names of those placed under arrest. As answers were given they were told they were excused, unless complaints had been issued on charges other than cutting corners.

Some of the men were angry at the manner in which they were treated, declaring if they were guilty enough to be brought to the station they were also smart enough to be fined that the really smart ones had been released upon the common-sense crowd. It was composed of white women, negroes, Japanese, bankers, laboring men and men of different nationalities. It was a mixed crowd, the Central Station, and caused much comment.

## SHIPS TO STOP AT LOCAL PORT.

REGULAR SCHEDULES OF MAIL BOATS ARRANGED.

Service May Be Expanded If Business Warrants It—St. Patrick's Day Visit of City of Paris to Inaugurate New Hauling—Heavy Colonist Traffic Expected.

General Passenger Agent Karrell of the Pacific Mail Steamship Company, and the San Francisco and Portland Steamship Company, arrived in Los Angeles from San Francisco yesterday, to complete arrangements for a regular schedule of stops of Pacific Mail steamers at San Francisco.

The Pacific company has hitherto maintained a fifteen-day service between San Francisco and Panama. Hereafter these boats will make regular stops at the port of Los Angeles. If business warrants it the service will be expanded. A rate of \$88 has been made for the trip from Los Angeles to the Panama coast.

The completion of the Panama Canal with its promise of immense financial profit to the Pacific Coast is really the most important event of interest on the Pacific Coast. Its constructive period, which will soon be over, is the interesting feature for visitors, consequently there will be vast interest in the part of tourists and sightseers to witness the construction of this marvelous pathway bisecting the North American continent.

The new service by which Los Angeles will be made a port of call for the Pacific Mail steamers will be started when the City of Paris stops here on St. Patrick's Day, followed by the Astor, April 1, and the Pennsylvania, April 17. Thereafter regular stops will be made every fifteen days. Through tickets will be sold to New York and New Orleans by way of the steamship line.

It has long been an ambition of Los Angeles to have the Pacific Mail make regular stops at Los Angeles, and now it has been realized, with a prospect of increased service if economic demands.

## SAFETY DEVICES.

BELL SYSTEM INSTALLED.

In addition to the automatic block signal system over the lines of the Southern Pacific there has been installed bell system for the regulation of the speed of trains across the trestle over Great Salt Lake. The device is simple, but it protects the passengers on this costly piece of engineering work.

The twelve-mile long and as a train enters or leaves it, a bell is rung in the station at Midlake. Twelve miles an hour is the speed limit for freight trains, and twenty miles an hour for passenger trains. The agent at Midlake forwards a report of the trains that pass over the trestle bridge every day to the superintendent of the division and an accurate record is kept in this manner.

The engineers taking trains across the lake have become so proficient in regulating the speed of their locomotives that they now make the run in precisely the allotted time and are always on time into Ogden.

## STATION PROJECT AGAIN.

A conference of importance to Los Angeles is scheduled to be held in Santa Barbara today. Traffic chiefs have gathered there to confer with President Ripley of the Santa Fe concerning the increase of facilities for the handling of passenger traffic, including the proposed passenger station at Los Angeles.

## WILL MEET TONIGHT.

Citizens of Pasadena and Environs Will Discuss Feasibility of a General Sewer System.

SOUTH PASADENA, Feb. 26.—At a meeting to be held in the City Hall, South Pasadena, Tuesday night, the preliminary steps will be taken to call a convention of all the cities which possibly could unite in the construction of an outfall sewer for the district generally known as the San Gabriel Valley. This will include Pasadena, South Pasadena, Alhambra, Sierra Madre, Monrovia, Duarte, San Gabriel, El Monte, Whittier, Downey, Compton and other smaller communities.

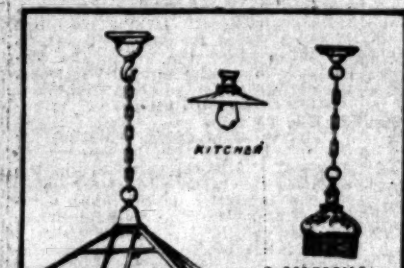

This general outfall sewer idea originated with the Inter-City Commission of Eighteen, which is studying the problems of government which affect Pasadena, South Pasadena, Alhambra, and the neighboring territory.

Tuesday night's meeting is primarily a session of the Outfall Sewer Committee of the Inter-City Commission, but it will be attended by city engineers and other officials, who will get down to a definite discussion of routes and general details of the proposed sewer. As soon as this preliminary matter is settled, a meeting will be called, to which all the cities which could use the sewer, will be requested to send representatives.

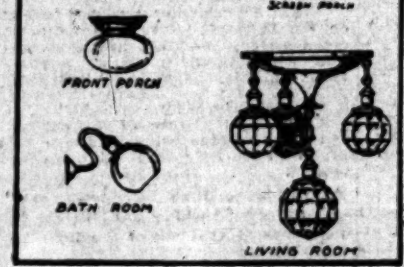

Already these cities have been notified of the movement which the Inter-City Commission has set on foot, and the Board of Supervisors has stamped the proposition with its approval. It is expected that members of the county board, also, will be present at tonight's meeting to discuss the details and general feasibility.

# TELL THE DAWDLE

"I Bribed Juror Because Were Innocent," He Said. Medicine Like a Man and that He Was Promised

AM the happiest man in the world today, for I have released a man from the prison who was human being for the last months," said Bert Franklin, a detective for the McNamara case, who had just been released from the Chamber of Commerce building a few minutes after the verdict of the jury.

Franklin, who was the detective for the McNamara case, was filled with joy and relief. He had been in the prison for the last months, and he had just been released. He was the only man in the prison who was released, and he was the only man who was released because he was innocent.

Franklin was released from the prison because he was innocent. He was the only man in the prison who was released, and he was the only man who was released because he was innocent. He was the only man in the prison who was released, and he was the only man who was released because he was innocent.

His Confession.

# TELL TRUTH ABOUT DARROW, SAYS FRANKLIN.

Bribed Juror Because I Thought the McNamara Case Innocent. He States—“Now I’ll Take My Medicine Like a Man and Then Start in Anew”—Declares That He Was Promised Immunity.

“I am the happiest man in the world today, for I have rolled a burden that made me a human being for the first time in my life,” said Bert Franklin, who was in the Chamber of Commerce a few minutes after his arrest.

“I am the happiest man in the world today, for I have rolled a burden that made me a human being for the first time in my life,” said Bert Franklin, who was in the Chamber of Commerce a few minutes after his arrest.

## “WILL TELL TRUTH.”

When asked if he would be a witness against Darrow, Franklin stated, smilingly: “I really don’t know, but you can draw in your own imagination and write the answer. Of course, I will testify if they subpoena me, and if they do I will tell the truth and nothing but the truth.”

## DARROW WON’T TALK.

“I haven’t a word to say,” remarked Clarence Darrow, the McNamara attorney who is accused of bribery, when approached by a Times reporter yesterday noon in Earl Rogers’ office in the California building.

## “WILL TELL TRUTH.”

“I really don’t know, but you can draw in your own imagination and write the answer. Of course, I will testify if they subpoena me, and if they do I will tell the truth and nothing but the truth.”

## DARROW WON’T TALK.

“I haven’t a word to say,” remarked Clarence Darrow, the McNamara attorney who is accused of bribery, when approached by a Times reporter yesterday noon in Earl Rogers’ office in the California building.

# COMPLETE CHRONOLOGY OF THE McNAMARA JURY BRIBERY CASE.

**SEPT. 29, 1911.**—Robert F. Bain sworn in as first juror in McNamara case.

**Oct. 6.**—Bert Franklin, former United States deputy marshal, chief detective for the McNamara defense, offers bribe to Mrs. Robert F. Bain to influence her husband’s vote in case.

**Oct. 25.**—Mr. and Mrs. Bain make complete confession to District Attorney Fredericks and Chief Detective Browne.

**Nov. 28.**—Franklin arrested for bribery and lodged in County Jail. Arraigned in Justice Young’s court and released on \$10,000 cash bail, deposited by Attorney Le Compe Davis, of counsel for the McNamaras.

**Dec. 12.**—Detective Browne, of the district attorney’s office, issues complaint in Justice Young’s court charging Franklin with attempting to bribe Juror Bain.

**Dec. 13.**—Franklin arrested by Constable Roger A. Woodbury and arraigned before Justice Young. Released on \$2000 addition bail.

**Dec. 14.**—Ex-Gov. Henry T. Gage engaged by Franklin and his friends to handle the accused man’s case.

**Dec. 27.**—Franklin arraigned in Justice Young’s court and held to answer to the Superior Court. He was released on his own recognizance.

**Jan. 2.**—Ex-Gov. Gage severs his connection with the case without giving any reason.

**Jan. 2.**—District Attorney files information charging Franklin with bribing Lockwood and Bain.

**Jan. 10.**—Attorneys Davis and Bush, for the defense, file motion to set aside and quash information on ground that the commitment proceedings were not in accordance with the laws and statutes of the State. Motion denied.

**Jan. 20.**—Clarence Darrow, chief counsel for McNamaras, indicted twice on two counts; each charging jury-bribery and corruption.

**Jan. 30.**—Reported that Franklin confessed to Asst. Dist. Atty. Ford his knowledge of the alleged bribery of Jurors Bain and Lockwood.

**Feb. 27.**—The accused pleads guilty before Judge Cabanis in Department Eleven of the Superior Court to the second count of the second indictment returned against him several weeks ago by the county grand jury charging him with the corruption and bribery of Robert F. Bain. Indictment No. 1, charging the bribery of Prospective Juror George N. Lockwood, continued 90 days for trial. The first count of indictment No. 2 dismissed. Friday morning set by the court for sentence.

## TO GOVERN CITY

(Continued from First Page.)

mitted without consulting the individuals.

**TO RECAST CHARTER.**

After the selections were made in committee, the Council resumed its session and confirmed the selections. Councilman Reed, in pursuance of whose resolution, adopted weeks ago, the action was taken, made the following motion, which was adopted unanimously, and is regarded as the sole direction of the Council to the commission:

## STATE LOOKING FOR PET NAME.

Conception of “Times” Likely to Stick.

## “Copper State” Is Fitting Designation.

## Nogales Reports Heaviest Snow Ever Known.

(Special Correspondence of The Times.)

**PHOENIX (APR.) Feb. 26.**—One of the gravest questions before the people of Arizona at the present time is that involving a popular designation for the new State. At first it was thought that “Valentina State” would fit, but it happens that Oregon had a prior right on that title, also having been admitted on February 14, Arizona used to be known as the “Land of Sunshine and Silver,” but the silver part of the name no longer fits and “Sunshine State” is the title already seized by New Mexico. As Arizona will continue for many years to be the largest of States, with its star tucked easily in the right-hand lower corner, there has been a suggestion of the “Bab” State, but that is hardly deemed appropriate for a commonwealth unwarlike and represented in cartoons by the figure of most unwarlike cowboy. So there is a strong probability of a final resort to a title already given the new State in the Midwinter Times, namely, “The Copper State.” For copper Arizona now is pre-eminent and probably will continue so to its many years to come. California, Nevada and Arizona thus may be linked as a mineral trinity.

## THE ADVANCES

**No. 4**

Advance No. 4 from \$145.00 to \$150.00 a share, with 7% income, guaranteed under special contract, if desired, on the Treasury stock of CONSOLIDATED REALTY COMPANY—the SAFEST and RICHEST, strictly business property investment (not speculating) company in Los Angeles—will occur at the close of business.

## February 29th, 1912

This stock is now worth fully \$188.00 a share, based on present values of its assets and with the continued prosperity and growth of Southern California, it will soon be worth \$200.00 or more.

## Advance No. 1

Advance No. 1 from \$1.00 to \$1.10 a share on the Treasury stock of CONSOLIDATED SECURITIES COMPANY, founded on no dangerous speculations and no costly debts, investing in SAFE securities only of which it has upwards of \$300,000 of highly profitable business in hand, will occur.

## March 16th, 1912

By economies in expenses the earnings of this new and separate company should justify a dividend of 4% to be paid in July (which is at the rate of 8% per annum) and leave a substantial surplus towards the next quarter—just the experience of other similarly successful and well managed companies. Investors who buy this stock while the price is low will share in the full advantages and profits—and you will be in on exactly the same price as the incorporators.

For further information and for Safe and Profitable Investments, apply to

*Consolidated Realty Bldg., Ground Floor, 402 West Sixth Street, Los Angeles.*

**P. S.**—An inside lot on Hill street, south of and not far from Sixth, was optioned during the week at \$4000 a front foot net—and it is worth more. This fact more than confirms every estimate and statement made as to values.

## ARRESTS ARE FEW.

Owing to the non-existence of United States Court Commissioners, few arrests are now being made within Arizona for Federal crimes, while in the jails are a large number of prisoners, held for the first session of the new Federal Court, which will be held soon at Phoenix, by Judge Morrow of California. The judge of the court has not yet been named by President Taft.

## GOV. HUNT HAS APPOINTED DR. R. N. LOONER OF PRESCOTT TO BE STATE SUPERINTENDENT OF HEALTH.

Superior have made their own decision of the matter. It is understood that the refusal of appointment as superintendent of the insane asylum at Phoenix, Albert L. Waters of Tucson has been appointed chancellor of the University of Arizona, vice N. P. Freeman, resigned. Mr. Waters is managing director of the Pioneer Smelting Company and is a graduate of the Michigan College of Mines.

## THROUGHOUT ARIZONA THE COUNTY SUPERVISORS HAVE MADE THEIR OWN DECISION OF THE MATTER.

Today many thousands of post cards are being sent out from the towns of Southern Arizona, the cards being furnished by the Southern Pacific company and bearing a large map and descriptive matter covering the sections within which they have had distribution.

All over Southern Arizona the past few days have been stormy ones. The heaviest snowfall ever known at

## WILL PLANT COTTON.

About 250 acres of cotton will be planted in the vicinity of Phoenix and about as much more around Mesa. It has been demonstrated that cotton of both the domestic and Egyptian varieties can be grown here with success.

## Large quantities of hay are being shipped from the Salt River Valley to Southern California points though the price of hay locally is about as high as ever known.

W. W. Bruner is charged with delaying the march of progress in the southwestern part of this county, where he owns a small ranch. Over one corner the line of the Dendora canal runs. Bruner dammed up the canal and upon the dam planted a red flag and signs of “danger” and “dynamite.” When officials of the company attempted to remove the obstruction they were fired upon. So Mr. Bruner has been brought to Phoenix under legal process.

## Gov. T. R. Marshall of Indiana and Mrs. Marshall have started back for Indianapolis after a ten days' stay with relatives at Scottsdale near this city.

## ROUND-UP FOR THE WIND-UP.

Two Days More of Campaign for Y.W.C.A. Fund.

Gallant Business Men to the Rescue Today.

Complete List of Subscribers Up to Last Night.

Y.W.C.A. FUND.	
Amount asked for...	\$75,000
Amount given to date...	27,500
Estimated for today...	10,000
For each hour tomorrow...	2,750

Today a large number of business men will either acknowledge that they are no better at collecting money than the women, to whose rescue they have come, or they will pull the Y.W.C.A. fund over the dead-center and start it spinning down the home stretch. To accomplish this, they will have to turn in \$10,000, or about twice as much as has been subscribed in any one day since the campaign began, eight days ago. Should the men accomplish this in order to complete the \$75,000 fund, according to the plans laid, by tomorrow night, the subscriptions will have to come at the rate of \$3750 an hour for each of the ten hours tomorrow. This is the case plainly stated, and there can be no doubt in looking it straight in the face. Some big work will have to be done today and tomorrow or great disappointment will be experienced, and the proud record of Los Angeles for her generosity despoiled.

The \$75,000 for which the association is seeking, it is stated, will be used for a four-fold purpose: In payment of the present indebtedness of the association; in making changes and repairs to the building; for current expenses, and for extension work which now demands new equipment and additions to the secretarial force.

### FATEFUL TOWN.

Medlands Rumor Municipal Employment Bureau and Finds Jobs for Many of Its Citizens.

REDLAND, Feb. 27.—That the Municipal Employment Bureau is meeting all expectations, is shown in the report of Secretary Henry Amalauer for the week ending February 24, which is as follows: Number of applications for work, 52; number given employment, 22; number given steady positions, 12; number given odd jobs, 18; employed in Municipal Park, 2.

The Bureau was opened a year ago and has proven a great benefit to a large number of unfortunate men who were out of employment. During the past year over 250 men were given employment, a large number of whom secured steady work. Besides the municipal work, where many were given employment, receiving three meals and a bed until they could get other work, companies selling wood in the city have taken a number of men, paying them nominal wages until they were suited elsewhere.

### Revolutionist.

## MISSING GIRL FOUND; TELLS SHOCKING STORY.

ASSERTING that she had been forced into white slavery, Katherine Kane, the pretty 15-year-old girl who disappeared from her home on the 7th inst., was arrested yesterday afternoon by Probation Officers Marden and Winn and held in jail last night, pending a full investigation.

According to information in the hands of the officers working on the case, the young girl left the home of her mother, Mrs. Emmeline Kane, No. 294 West Colorado street, South Pasadena, in the night. Yesterday a woman calling herself Mrs. Barton notified the authorities that a girl known as Monetta Russell answered the description of the Kane girl and a detective was sent to take the suspect into custody.

Upon being questioned by the police the youthful prisoner broke down and admitted that she is the missing Pasadena girl for whom the entire police force was looking. At the same time she made such startling charges that the officers were at first reluctant to

## FOR YOUR HAIR

Here Are Facts We Want You to Prove at Our Risk.

When the roots of the hair are entirely dead and the pores of the scalp are glazed over, we do not believe that anything can restore hair growth. Recall "93" Hair Tonic acts scientifically, destroying the germs which are usually responsible for baldness. It penetrates to the roots of the hair, stimulating and nourishing them. It is a most pleasant toilet necessity, is delicately perfumed and will not gum nor permanently stain the hair.

We want you to get a bottle of Recall "93" Hair Tonic and use it as directed. If it does not relieve scalp irritation, remove dandruff, prevent the hair from falling out and promote an increased growth of hair and in every way give entire satisfaction, simply come back and tell us and without question or formality we will hand back to you every penny you paid us for it.

We lend our endorsement to Recall "93" Hair Tonic and sell it on this guarantee, because we believe it is the best hair tonic ever discovered. It comes in two sizes, prices 50 cents and \$1.00. Remember you can obtain it only at our stores—The Owl Drug Co., Inc., Los Angeles, San Francisco, Oakland, Sacramento, Portland, Seattle and Spokane.

## MUSIC AND STAGE

(Continued from Fifth Page.)

could get a cast anywhere in this country today which would do such general justice to "Smith" as that organization housed on the west side of Main street, just north of a little tavern known as the Van Nuts.

Mr. Gibson does a splendid piece of work as Freeman, the bachelor from Oom Paul's land. He plays it on an enigmatic, quiet, as respectful as a summer afternoon and withal possessed of the iron hand within the glove of a vaudeville star. His vigor in the comedy situations is delightful.

Miss Barriscale is wholly sweet and unaffected as the tender-hearted maid-servant, and brings her vivid and individual personality wholly to bear upon all sides of this assignment.

Robert Ober, as the negatively-sinful cad, Peppercorn, is placed as truly and precisely as the round peg in the round aperture.

Thomas Macrae, a big, powerful man, is perhaps too strong for the part, and resigned Herbert Dillashaw, a sort of guardian of the haem in his own house, but the strength is his, and he cannot help showing it. And in his intelligence he more than makes up for so comical a defect.

Miss Sullivan as Mrs. Dallas-Baker presents a successfully-drawn picture of a heartless woman. Miss Farrington as Emily Chapman, the selfish spinster, brings the poignancy which only thought and experience can contrive, and Roberta Arnold shows a frivolous and thoughtless, rather than a wanton, Mrs. Roskoff.

Even Fletcher, the servant, is humanly and picturesquely portrayed by William Wolbert. The stage action, the settings, the scenery, and even the disposal of furniture, drapes and properties, suggest a knowledge of stagecraft—and what is more vital in this atmosphere of a o'clock tea, a knowledge, an unconscious, well-bred knowledge, of gentility and the customs that obtain in a good society.

"A Man of Honor," Edmund Broese's recent success, will be seen at the Belasco following "Smith." Instead of "Cameo Kirby," announced, "Parts and script of 'Cameo Kirby' failed to arrive on time for rehearsal."

Carlos Casero, a hard-headed juggler, who catches cannon balls on his cranium without so much as cracking his smile, furnishes the vaudeville sensation of the week at Pantages. Casero's thriller is known as the human gyroscope. The gyroscope spins on Casero's head. It is an immense top, and to its stem is strapped a long-haired young German, whose locks stand straight out from his head when the gyroscope attains its greatest speed. Casero, in of Herculean proportion and though the young man has thinned his cranial covering, they do not seem to have damaged his strength.

"The Alaskan Honeycomb" is an exploring party of seven—two men and five girls. They first appear as the crew of a painted ship upon a painted sea. "Cameo Kirby" and "Cameo Kirby," noted in passing, are about the prettiest nautical setting we have seen. They while away the tedium of the sea in a most effective manner, by jostling, continuing these diversions into the second act, among the Alaskan glaciers. J. Frank Holliday and Willie Chatterbox are respectively the baritone groom and the soprano bride of the honeymoon. Max Saunders, the Tiddish mate of the "Alaskan," and a bunch of dancing girls make merriment for everybody. The Holliday voice is not heard as frequently as the audience would like to hear it. "The Pirate Child" was strong enough to introduce its splendid quality.

Bob Albright is repeating last week's successes in a new repertory. His sextette from "Lucia," rendered in three distinct voices, is an artistic novelty. Assisted by "Mrs. Bob" he gives a vaudeville finish to his singing.

## Stunning Tailored Hats

\$12.50 \$15.00 \$20.00

A showing that will enthrall the woman who keeps abreast of the modes! The genius of the Hamburger millinery artists was never displayed to better advantage than in these original and exclusive models that so truly reflect the latest and best of the Parisian styles. You'll not want to miss these! (Second Floor.)

## New Tailored and Novelty Suits at \$25 \$35 \$45 \$65

Embodying Authentic Modes of Rare Exclusiveness in the Most Favored Materials

Floor Mops—complete with 4-ft. handle. Chemically treated to absorb the dust. Priced.....75c

Floor Mop Head 50c

Can be put into any ordinary mop stick. Very handy.

## Free Sample of Clover Leaf Catarrh Remedy Sent to All Who Write

After you get the sample and use it, you will discover that you have found what you have been looking for—relief for your catarrh and cold in the head. You'll go to your drugist and buy some more if you care more for your health and happiness than you do for the 50 cents which it will take to buy it.

Without cause, struck the plaintiff over the head and eye with the butt end of a heavy blacksnake whip in the town of Fillmore, that the plaintiff was doing nothing at the time and did nothing to warrant the striking of the blow.

Morales has been in the hospital for some time, and was out today for the first time. The bondsmen of Trotter and who are made parties to the suit, are Justina, Grammer, Spanish, Sewing, New Year, 1511-12 being Tuesday, Sept. 24. Appointment may be made with the Principal by either telephone.

Words have been received in this city that little George H. Mickel, the 5-year-old girl, who was bitten by a mad dog here a few days ago, is getting along well. No ill effects from the bite have yet appeared. She is at the Pasteur Institute in Los Angeles.

## How to Make Better Cough Syrup than You Can Buy

A Family Supply, Saving \$3 and Fully Guaranteed.

A full pint of cough syrup—as much as you could buy for \$2.50—can easily be made at home. You will find nothing that takes hold of an obstinate cough more quickly, usually ending it inside of 24 hours. Excellent, too, for croup, whooping cough, sore lungs, asthma, bronchitis and other throat troubles.

Five pints of granulated sugar with 15 pints of water, and stir for 2 minutes. Put 2½ ounces of Pinex (fifty cents' worth) in a pint bottle, then add the Sugar Syrup. It keeps perfectly. Take a teaspoonful every one, two or three hours.

This is just laxative enough to help cure a cough. Also stimulates the appetite and the most valuable concentrated compound of Norway white pine extract, rich in gualaol and all the natural healing pine elements. Other preparations will not work as well.

The Pinex and Sugar Syrup recipe is now used by thousands of housewives throughout the United States and Canada. The plan has been imitated, but the old successful formula has never been equalled.

A guaranty of absolute satisfaction, or money promptly refunded, goes with this Pinex. Your drugist has Pinex, or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.

## Pure Food Show Continues

There's no lessening of the interest in this opportunity to test the best, purest foodstuffs before buying. Among the good things to sample are—

Tea Biscuits made with Globe "A1" Flour

154 E. Equila Ave. Pasadena special course and college preparatory course, and music. Outdoor study Home Tel. 934

## Business College

8th floor Hamberger Bldg.—100 feet above street level. Ledger since 1844—strictly business. Begin now. "Books Free."

## BY THE YEAR

Counting Chick

Campaign Leaders Are Busy

Roosevelt Men Claim Enough Votes to Win Nomination.

Analysis by States, Shows Taft Has Than Majority

In Spite of Probable President's Delegation Be in the Lead.

BY SUMNER CUNY

BY DISTRICT WIRE TO THE

WASHINGTON, Feb. 27. (Special Dispatch.) The campaign managers are busy counting their chickens.

Immediately after the announcement of the Roosevelt nomination, the Roosevelt friends in the various States began to tally up the delegates to the Chicago convention for the Roosevelt men, giving 494 to Taft, leaving forty-eight for La Follette combined together.

The number of votes needed to elect a President is 539.

No tally has been given out by the campaign managers, but the Roosevelt men claim to have enough votes to win the nomination.

From this knowledge it is to be made up a table showing the management of the campaign from the distance from convention to the table is of more interest than the table itself.

The number of votes needed to elect a President is 539.

No tally has been given out by the campaign managers, but the Roosevelt men claim to have enough votes to win the nomination.

From this knowledge it is to be made up a table showing the management of the campaign from the distance from convention to the table is of more interest than the table itself.
